QUESTIONS AND ANSWERS ABOUT THE MATTERS SUBJECT TO VOTE

What is being voted on?

You are being asked to consider and vote upon a proposal, for purposes of NASD Marketplace Rule 4350, to effect an issuance of CBI common stock that will result in CBI's acquisition of Mimotopes.

You may vote if you owned shares of CBI common stock as of the close of business on December 27, 2006. Each share of common stock is entitled to one vote. As of December 27, 2006, CBI had 3,322,769 shares of common stock outstanding.

How many votes must be present to hold the meeting?

Your shares are counted as present at the meeting if you attend the meeting and vote in person or if you properly return a proxy by Internet, telephone or mail. In order for CBI to conduct its meeting, a majority of our outstanding shares of common stock as of December 27, 2006 must be present in person or by proxy. This is referred to as a quorum. Abstentions and broker non-votes will be counted for purposes of establishing a quorum at the meeting.

Why is CBI proposing the Acquisition?

From its inception, CBI's growth strategy has been to use traditional sales and marketing approaches to fuel growth. At the end of 2004, CBI diverted from this strategy and acquired Fairfax Identity Laboratories, a DNA profiling company ("FIL"). Based on CBI's positive experience with FIL, CBI's Board of Directors instructed CBI management to implement two initiatives. The first initiative was to continue to grow CBI's commercial sector through targeted approaches, including a new hire with strong credentials in sales and marketing, and second, explore other acquisition opportunities and/or joint ventures. CBI completed the initial step of this directive by hiring Dr. Joseph Chimera as CBI's Senior Vice President – Sales, Marketing and Business Development.

The Board of Directors' general guidelines for the second directive were to seek opportunities that:

- are affordable;
- are complementary, or extend current technological capabilities;
- are in areas of competence of CBI; and
- are accretive or have strong growth potential in the short-term;

CBI's Board of Directors and management believe that the Acquisition of Mimotopes, fulfills these criteria.

In addition, the Board of Directors of CBI believes that the Acquisition offers CBI and its shareholders a number of other benefits, some of which may not be obvious from a casual review of the pro forma financial information provided herein. These benefits essentially fall into three critical areas for our business: management, sales and marketing, and relationships with industry partners.

With respect to management, Mimotopes has an excellent executive management team and its current Executive Director, Dr. Paul D'Sylva, will assume the position of Chief Executive Officer of CBI after completion of the Acquisition. Dr. D'Sylva has a strong background in finance and corporate affairs and will complement the strong technical expertise of the current CBI management team.

CBI's sales and marketing will benefit from Mimotopes' seasoned sales force, positioned in the major global biotechnology markets of North America and Europe, as well as the rapidly expanding Asian market. Currently, CBI has minimal direct sales capabilities. Further, Mimotopes has established business operations spanning nearly 20 years, a highly respected brand, and an extensive client list.

Finally, CBI's industry relationships will be enhanced. For example, through the efforts of Dr. D'Sylva, Mimotopes has established important relationships with some of the major players in the biotechnology industry, including Invitrogen Corporation, Genzyme Pharmaceuticals, Inc., and Amgen, Inc.. CBI expects these relationships to continue to develop and for new ones be established going forward.

What vote is required to approve the Acquisition?

Approval of the Acquisition requires the affirmative vote of a majority of the total votes cast on this proposal.

Why is CBI seeking approval for the Acquisition?

As a result of being listed for trading on the Nasdaq Capital Market, issuances of CBI common stock are subject to the NASD Marketplace Rules, such as Rule 4350. Under Rule 4350(i)(1)(B) and 4350(i)(1)(D), respectively, shareholder approval must be sought when (a) the issuance or potential issuance will result in a change of control of CBI or (b) in connection with a transaction other than a public offering involving the sale, issuance or potential issuance by CBI of common stock (or securities convertible into or exercisable for common stock) equal to 20% or more of the common stock or 20% or more of the voting power outstanding before the issuance for less than the greater of the book or market value of the stock.

Pursuant to the Stock Purchase Agreement, CBI has agreed to issue 2,150,000 unregistered shares of its common stock in consideration for all of the outstanding securities of Mimotopes. Absent shareholder approval for such issuance and the resulting Acquisition, the issuance of common stock to Chemistry may result in a violation of either of the foregoing provisions of Rule 4350.

What will I receive in the Acquisition?

Holders of CBI common stock will continue to hold the CBI securities they currently own. CBI is simply acquiring all of the outstanding securities of Mimotopes from Chemistry. Chemistry will receive all of the shares of common stock being issued by CBI in the Acquisition.

Who will manage CBI upon completion of the Acquisition?

Upon completion of the Acquisition, CBI will be managed by the following persons:

- Paul D'Sylva, Ph.D., Chief Executive Officer;
- Richard J. Freer, Ph.D., Chairman and Chief Operating Officer;
- Robert B. Harris, Ph.D., President;
- Thomas R. Reynolds, Executive Vice President – Science and Technology and Secretary; and
- James H. Brennan, Vice President – Financial Operations.

In addition, as discussed below, Dr. D'Sylva will also assume the role of one of CBI's directors on a post-closing basis.

How is CBI paying for the Acquisition?

At the closing, CBI will issue to Chemistry 2,150,000 restricted shares of its common stock. The pricing for this transaction was determined through negotiations between PharmAust and CBI. The closing price of CBI common stock on December 29, 2006 was \$2.14 per share and the market value of the shares to be issued to Chemistry, at the close of business on December 29, 2006, was approximately \$4.601 million. The value of the shares of CBI common stock to be issued to Chemistry will be subject to change with the fluctuation of the trading price of CBI common stock on the Nasdaq Capital Market.

The issuance will result in Chemistry owning approximately 39.5% of CBI's outstanding common stock on a post-issuance basis. CBI does not intend to modify the number of shares to be issued to Chemistry based on changes to the price of its common stock between the date of this proxy statement and the closing of the Acquisition. The number of shares of CBI common stock to be issued to Chemistry reflects the determination of CBI's Board of Directors and the Board of Directors of PharmAust of the relative long-term worth of CBI and Mimotopes after the Acquisition, which long-term worth may not be reflected, or which may be inappropriately adjusted by, fluctuations in CBI's stock price. Additionally, fluctuations in CBI's stock price may reflect factors that are independent of the respective valuations of Mimotopes and CBI upon which the Acquisition consideration is based.

How Will the Acquisition Affect CBI's Current Shareholders?

If the Acquisition is consummated, CBI will issue 2,150,000 restricted shares of CBI's common stock to Chemistry as consideration for the shares of Mimotopes. If this occurs, Chemistry will own approximately 39.5% of CBI's outstanding common stock. No other stockholder (based on current holdings) will own more than 5% of CBI's common stock. Although the consummation of the Acquisition would result in a significant concentration of CBI's common stock in one shareholder's ownership, the Stock Purchase Agreement requires Chemistry to enter into a voting agreement that would require Chemistry to vote in favor of director candidates recommended for CBI's board of directors by an independent nominating committee. While Chemistry is thus likely to have significant influence in shareholder votes, Chemistry will not own a majority of shares of CBI's common stock and will not have the authority to appoint directors to CBI's board or to veto candidates nominated by CBI's independent nominating committee.

What happens if the Acquisition is not approved?

If the Acquisition is not approved by CBI's shareholders, then CBI will not be able to consummate the Acquisition upon the terms currently contemplated by the Stock Purchase Agreement.

When do you expect the Acquisition to be completed?

CBI currently anticipates that it will complete the Acquisition on or about March 1, 2007, subject to approval at its special meeting of shareholders on February 9, 2007.

How do I vote before the meeting?

If you are a registered shareholder, meaning that you hold your shares in certificate form, you have three voting options:

- Over the Internet, which CBI encourages if you have Internet access, at the address shown on your proxy card;
- By phone, by calling 1-800-690-6903 using any touch-tone telephone to transmit your voting instructions; or
- By mail, by completing, signing and returning the enclosed proxy card.

If you hold your shares through an account with a bank or broker, your ability to vote by the Internet depends on their voting procedures. Please follow the directions that your bank or broker provides.

May I vote at the meeting?

You may vote your shares at the meeting if you attend in person. If you hold your shares through an account with a bank or broker, you must obtain a legal proxy from the bank or broker in order to vote at the meeting. A legal proxy is an authorization from your bank or broker to vote the shares it holds in its name for your benefit on the records of CBI's transfer agent. Even if you plan to attend the meeting, CBI encourages you to vote your shares by proxy. You may vote by proxy through the Internet, by telephone or by mail.

Can I change my mind after I return my proxy?

You may change your vote at any time before the polls close at the conclusion of voting at the meeting. You may do this by:

- signing another proxy card with a later date and returning it to CBI before the meeting;
- voting again over the Internet prior to 11:59 p.m., Eastern Time, on February 8, 2007;

-
- voting again via the telephone prior to 11:59 p.m., Eastern Time, on February 8, 2007; or
 - voting at the meeting if you are a registered shareholder or have obtained a legal proxy from your bank or broker.

What if I return my proxy card but do not provide voting instructions?

Proxies that are signed and returned but do not contain instructions will be voted **FOR** the Acquisition and in accordance with the best judgment of the named proxies on any other matters properly brought before the meeting.

SUMMARY

This summary discusses the material items of the Acquisition proposal which is also described elsewhere in this proxy statement. You should carefully read this entire proxy statement and the other documents to which this proxy statement refers you. See "Where You Can Find More Information."

Acquisition of Mimotopes

Mimotopes, established in 1989 and headquartered in Melbourne, Australia, is a global leader in the development of research-grade peptides for biological and pharmaceutical applications. Mimotopes' extensive experience and in depth know-how of its highly trained staff, as well as numerous patented and proprietary technologies in solid phase synthesis have made it one of the global leaders in its field. At present, Mimotopes is focused on the fast-growing market for research grade peptides and peptide therapeutics, a market estimated to grow at 40% per year over the next several years. Currently, peptide technologies make up about 3% of CBI's revenues. The Acquisition would represent an immediate boost in this revenue line, potentially making peptide technologies the source of 30% of CBI's revenues.

CBI's Reasons for the Acquisition and Recommendation of CBI's Board of Directors

After consideration of a large variety of factors, CBI's Board of Directors has concluded that the Acquisition is in the best interests of its shareholders. In approving the Stock Purchase Agreement, CBI's Board of Directors relied on information (including financial information) relating to Mimotopes, the regulatory environment and the industry fundamentals.

In evaluating this Acquisition, CBI's Board of Directors considered a wide variety of factors, some quantitative, some qualitative. Given their potential significance, the qualitative factors were weighed significantly by the Board of Directors in connection with its evaluation of the Acquisition and financing. Some of the positive and negative factors, however, considered by the Board are described below:

Positive Factors

- CBI management believes that Mimotopes will enhance top-line revenues on a post-closing basis;
- Mimotopes is a company with an extensive client list, a highly regarded brand in the industry, and is led by an outstanding executive team;
- Paul D'Sylva, Ph.D., the Executive Director of Mimotopes, will assume the positions of Chief Executive Officer and Director of CBI following the completion of the Acquisition.
- Mimotopes offers CBI an existing, world-wide sales force, positioned in the major global biotechnology markets of North America and Europe, as well as the rapidly expanding Asian market;
- CBI believes that Mimotopes will offer CBI access to major biotechnology companies such as Invitrogen Corporation, Genzyme Pharmaceuticals, Inc., and Amgen, currently clients or industry partners of Mimotopes;
- Mimotopes has established business operations spanning nearly 20 years, is generating current revenues, and has the strong potential to experience additional growth; and
- Mimotopes owns several patents and trade secrets that provide a competitive advantage in some aspects of its business, particularly in the growing and high margin market of peptide libraries.

Negative Factors

- Time differences and physical distance between CBI and Mimotopes pose significant logistic considerations;
- One aspect of Mimotopes' business (custom peptides) is highly competitive, and pricing is impacted as a result;
- Mimotopes is reliant on one major client (Invitrogen Corporation) for 20-25% of near-term revenue;
- Mimotopes may require significant capital over the next three years; and
- The consideration to be paid to Chemistry for Mimotopes' securities (2,150,000 shares of CBI's common stock) represents a significant portion of CBI's outstanding securities. Chemistry will own approximately 39.5% of CBI on a post-closing basis.

Board of Directors' Recommendation

After careful consideration, CBI's Board of Directors has unanimously determined that the Acquisition is fair to, and in the best interests of CBI's shareholders. In reaching its decision relating to the Acquisition, the Board of Directors also considered the opinion of Anderson & Strudwick, Incorporated ("A&S"), that, as of the date of its opinion, and based on conditions that existed as of that date, upon and subject to the considerations described in its opinion and based upon such other matters as A&S considered relevant, the consideration to be provided by CBI in connection with the Acquisition is fair to its current shareholders from a financial point of view. Such opinion will be updated prior to the completion of the transaction.

Accordingly, CBI's Board has unanimously approved and declared advisable the Acquisition and unanimously recommends that you vote or instruct your vote to be cast **"FOR"** the approval of the Acquisition.

INFORMATION ABOUT MIMOTOPES

Introduction

Mimotopes is a leader in the development of research-grade peptides for biological and pharmaceutical applications. Mimotopes was established in Melbourne, Australia in 1989 as a spinout of Commonwealth Serum Laboratories, Ltd. It was acquired by Chiron Corporation in 1990 and subsequently has been owned by Mitikor (2000-2002) and Fisher Scientific Corporation (2002-2005). In March 2005, Mimotopes was acquired by PharmAust. It is currently one of two wholly owned subsidiaries of Chemistry, the other being EpiChem Pty Ltd. ("Epicchem"). Both Mimotopes and EpiChem are drug discovery service companies.

The entire administration and laboratory operations for Mimotopes are in Clayton, Australia, located about 40km from Melbourne. Mimotopes has sales offices in the United States (Raleigh, NC, Minneapolis, MN, and San Diego, CA), the UK (Wirral), and Australia (Melbourne). It also has distribution channels in Europe and Japan.

Industry Overview

Mimotopes' products and services in peptide development and synthesis serve two large and growing markets. The custom peptide synthesis market is currently estimated to be in the order of \$435 million and growing at an average annual rate of 11.9%. The peptide therapeutic market is currently estimated to be \$1 billion and growing at an annual average rate of 40%. Mimotopes has established a leading position in the custom synthesis market and, through targeted joint ventures with high quality discovery partners, is well positioned to enter the peptide therapeutic market.

Custom Peptide Synthesis

The worldwide custom peptide synthesis market was estimated to be between \$250 million and \$450 million in 2003. The custom peptide synthesis market was projected to grow at an annual average rate of 11.9% between 2003 and 2010, which makes the market in 2005 somewhere between \$310 million and \$560 million and in 2010 between \$550 million and \$990 million.

The major users of custom peptides are distributed throughout the life sciences sector and include biotechnology companies, universities, hospitals, and government laboratories. There are two general sources for peptides. Companies either have a catalog business, where products are made in advance and stored, or, like Mimotopes (and CBI), a custom manufacturing business where products are generated on an "as needed" basis. The market is dominated by the United States (65%), followed by Europe (30%) and the Rest of the World (5%).

Peptide Therapeutics

Beyond custom peptide synthesis, there is the potential for Mimotopes to become more involved in joint venture drug discovery at the research and development level in the development of new peptide drugs. Peptides make up only a fraction of the therapeutic pharmaceutical molecules in the market today but represent the fastest growing sector. For example, several peptides have now entered clinical trials for the treatment of human cancers. The peptide therapeutics market is growing at an annual rate of 40% and is estimated to be worth in excess of \$1.6 billion by 2010. Leveraging off its proprietary technology to produce large numbers of research-grade peptides very cheaply, Mimotopes has entered into collaborative research partnerships with several Australian and international groups with the explicit aim of generating new drug candidates and sharing any resulting intellectual property.

Mimotopes' Technology

Mimotopes' proprietary technologies in solid phase synthesis including scavenging applications and biomolecular capture and immobilization, coupled with the extensive experience and in depth know-how of its highly trained staff, have made it one of the global leaders in its field. It is one of only 11 companies offering peptide library services and one of only three providing testable quantities (mgs) of its library products.

Mimotopes is focused on growing its business by developing innovative, patent-protected products and delivering the highest level of customer service in the global life science research marketplace. The company holds numerous patents underlying its library and synthetic chemistries. Mimotopes has recently signed global supply agreements with two major US-based biotech companies: Genzyme, Inc. and Invitrogen, Inc.

Pepsets™ Peptide Libraries

Mimotopes' PepSets peptide libraries permit the simultaneous synthesis and screening of large numbers of peptides using Mimotopes' unique MultiPin™ synthesis system. The MultiPin system involves synthesizing peptides onto specially prepared polyethylene supports mounted on blocks in a format that is compatible with the standard 8 x 12 microtitre plate used for many

assays. Both support-bound (non-cleavable peptides that remain covalently bound to the support) and solution phase peptides (those that have been cleaved off the solid surface) can be produced by this method. Mimotopes uses state of the art Fmoc based peptide chemistries and PepSets are available with a full range of chemical modifications.

Solution Phase (Cleaved) Peptides

For the production of solution phase peptides there is a choice of C-terminal endings, including acid and amide, depending on the intended peptide application. Options for the scale of synthesis are a nominal >1 micromole or 5 micromole scale. Factors such as hydrophobicity and cleavage efficiency will affect peptide recovery, such that the expected average yield of peptide is at least 1 micromole (around 2mg of a 15mer peptide) when the peptides are synthesized on the nominal >1 micromole scale, or an average yield of at least 3 micromole for peptides synthesized on the nominal 5 micromole scale.

Solid Phase (Non-cleavable) Peptides

Non-cleavable peptides remain covalently bound to the solid supports and can be used to rapidly screen for peptides of interest using ELISA techniques. Such peptides are useful for the purposes of antibody epitope scanning and structure-activity relationship studies. Removal of bound antibodies or other proteins regenerates the peptides and allows their use for up to 3-5 times.

Custom Peptides

Mimotopes is a proven source for the design and production of research-grade custom synthesised peptides. Mimotopes extensive product range caters for a broad spectrum of peptide related research. Numerous types of modifications can be made to the custom peptides to suit the individual needs of clients. These include modified residues such as phosphoamino acids, fluorescent labels, biotinylated peptides, acetylation, amidation, fatty acid capping, cyclic peptides (disulfide and N- to C-), succinylation, nonradioactive isotopic labeling, and branched peptides among others. Quantities from as little as 1mg of peptide are available.

SynPhase™ Lanterns

SynPhase™ Lanterns are grafted products optimized for small organic molecule and peptide synthesis. The SynPhase Lantern is cylindrical in appearance and is available in three different sizes, L-series, D-series and A-series. These properties make the SynPhase Lantern compatible with a wide range of reaction vessels and synthesizers. There are two surfaces available on SynPhase Lanterns, one hydrophobic and one hydrophilic.

The primary difference between SynPhase Lanterns and conventional resins is the modular nature of SynPhase lanterns, based on a structure of a rigid polymeric support beneath a grafted mobile phase. This gives rise to a number of unique features that lead to significant fundamental advantages over resins.

Immunology Services

Mimotopes has many years of experience in the production and testing of anti-peptide antibodies for the development of vaccines, assays, and diagnostic kits. This stems from Mimotopes beginnings as a research organization when the company was focused on biology rather than chemistry. For example, Mimotopes scientists have published many articles in the areas of epitope mapping and in the use of peptides to raise antibodies and their subsequent applications.

Intellectual Property

Mimotopes holds a number of patents, the principal ones related to the matrix used to prepare their custom peptides.

Mimotopes also has a proprietary laboratory information management system ("LIMS") that includes an extensive database of all syntheses carried out by the company over the last 12 years. In addition to providing the usual production tracking and in quality assurance/quality control (QA/QC) elements, the LIMS has significant enhancements to support new product syntheses.

Competition

There are approximately 90 suppliers of custom peptides worldwide. While this is not a huge list of competitors and many are not major players in the area, there are a number that offer heavily discounted pricing. For low purity compounds, the market is extremely price sensitive almost to the point of being commoditized.

There is also an extensive list of university-based core facilities that offer peptide synthesis services. Since these core facilities are typically subsidized by the university and have minimal overhead costs, they can undercut the market with heavily discounted pricing. However, university-based core facilities are generally slow and, frequently, do not provide the quality available from other commercial sources.

Mimotopes does compete effectively in this arena at the moment by efficient operations in Clayton and a favorable outsourcing arrangement with GL Biochem in China. However, Mimotopes expects to move from this market to other higher margin technologies like its peptide library products.

Of the approximately 90 companies supplying custom peptides worldwide, Mimotopes believes that about 11 can deliver peptide libraries. Most of those provide only solid phase libraries or arrays (not testable for biological functions). Mimotopes believes that 3 companies offer true competitive products to the Mimotopes PepSets. Contrary to the custom peptide market, libraries are less price sensitive and, therefore, carry higher margins.

Risk of Loss and Liability Insurance

Mimotopes maintains all insurance in types and amounts which are customary in the industry for operations of its scope.

Employees

As of December 20, 2006, Mimotopes had a total of 34 employees, of which 22 were full-time and 12 were part-time. At such date, 28 of Mimotopes' full time employees were salaried and performed executive, management, or administrative functions and the remaining 6 employees were paid by the hour. As of such date, 21 of Mimotopes' employees performed production functions and the remaining 13 performed management, administration or sales and marketing functions. Mimotopes has never had a work stoppage and management characterizes its relations with its employees as good.

Litigation

Mimotopes is not currently involved in any pending material legal proceedings. Mimotopes, however, may be subject to litigation from time to time in the ordinary course of its business.

Indebtedness

Mimotopes currently has no significant long or short-term indebtedness.

Facilities

Mimotopes owns its facility located in Clayton Australia. The site has a total of 4,727 square meters (49,929 square feet) of space with total net functional floor area of 2,248 square meters (23,774 square feet). Although Mimotopes owns its facility, it leases the land upon which it sits from Monash University. The lease expires on September 1, 2009. Mimotopes has the option to extend the lease for three successive terms of seven years each.

THE SPECIAL MEETING

The Special Meeting

CBI is furnishing this proxy statement to you as part of the solicitation of proxies by its Board of Directors for use at the special meeting in connection with the proposed Acquisition. This proxy statement provides you with the information you need to know to be able to vote or instruct your vote to be cast at the special meeting.

Date, Time and Place

The special meeting will be held at 10:00 a.m., Eastern time, on Friday, February 9, 2007, at Commonwealth Biotechnologies, Inc., 601 Biotech Drive, Richmond, Virginia 23235, to vote on the Acquisition proposal.

Purpose of the Special Meeting

At the special meeting, the holders of CBI's common stock are being asked to approve a proposal, for purposes of NASD Marketplace Rule 4350, to effect an issuance of CBI common stock which will result in the Acquisition of the outstanding securities of Mimotopes pursuant to the Stock Purchase Agreement, dated as of November 24, 2006.

CBI's Board of Directors:

- has unanimously determined that the Acquisition is fair to and in the best interests of CBI and its shareholders;
- has considered the opinion of A&S that, as of the date of its opinion, and based on conditions that existed as of that date, upon and subject to the considerations described in its opinion and based upon such other matters as A&S considered relevant, the consideration to be paid by CBI in connection with the Acquisition is fair to CBI's current shareholders from a financial point of view;
- has unanimously approved and declared advisable the Acquisition proposal; and
- unanimously recommends that the holders of CBI common stock vote **"FOR"** the proposal to effect an issuance of CBI common stock which will result in the Acquisition.

Record Date; Who is Entitled to Vote

The "record date" for the special meeting is December 27, 2006. Record holders of CBI common stock at the close of business on the record date are entitled to vote or have their votes cast at the special meeting. On the record date, there were 3,327,767 outstanding shares of CBI common stock. Each share of CBI common stock is entitled to one vote per share at the special meeting.

Voting Your Shares

Each share of CBI common stock that you own in your name entitles you to one vote. Your proxy card shows the number of shares of CBI common stock that you own. There are four ways to vote your shares of common stock at the special meeting:

- you can vote by signing and returning the enclosed proxy card. If you vote by proxy card, your “proxy,” whose name is listed on the proxy card, will vote your shares as you instruct on the proxy card. If you sign and return the proxy card, but do not give instructions on how to vote your shares, your shares will be voted, as recommended by CBI’s Board of Directors, **“FOR”** the approval of the Acquisition proposal;
- you can vote your shares via the Internet at the address shown on your proxy card;
- you can vote your shares by phone by calling 1-800-690-6903 using any touch-tone telephone to transmit your voting instruction; or
- you can attend the special meeting and vote in person. CBI will give you a ballot when you arrive. However, if your shares are held in the name of your broker, bank or another nominee, you must get a proxy from the broker, bank or other nominee. That is the only way CBI can be sure that the broker, bank or nominee has not already voted your shares.

IF YOU DO NOT VOTE YOUR SHARES OF COMMON STOCK IN ANY OF THE WAYS DESCRIBED ABOVE, IT WILL HAVE NO EFFECT ON THE ACQUISITION.

Who Can Answer Your Questions About Voting Your Shares

If you have any questions about how to vote or direct a vote in respect of your common stock, you may call Richard J. Freer, Ph.D., CBI’s Chairman and Chief Operating Officer, at (804) 648-3820.

No Additional Matters May Be Presented at the Special Meeting

This special meeting has been called only to consider the approval of the Acquisition. Under CBI’s bylaws, other than procedural matters incident to the conduct of the meeting, no other matters may be considered at the special meeting, if they are not included in the notice of the meeting.

Revoking Your Proxy

If you give a proxy, you may revoke it at any time before it is exercised by doing any one of the following:

- You may send another proxy card with a later date;
- You may vote again over the Internet prior to 11:59 p.m., Eastern Time, on February 8, 2007;
- You may vote again via the telephone prior to 11:59 p.m., Eastern Time, on February 8, 2007; or
- You may attend the special meeting, revoke your proxy and vote in person.

Quorum

Your shares are counted as present at the meeting if you attend the meeting and vote in person or if you properly return a proxy by Internet, telephone or mail. In order for us to conduct our meeting, a majority of our outstanding shares of common stock as of December 27, 2006 must be present in person or by proxy. This is referred to as a quorum. Abstentions and broker non-votes will be counted for purposes of establishing a quorum at the meeting.

Vote Required

The approval of the Acquisition will require the affirmative vote of majority of the total votes cast on the proposal. If you abstain from voting or do not vote, either in person or by proxy or by voting instruction, it will have no effect on the approval of the Acquisition.

Abstentions and Broker Non-Votes

If your broker holds your CBI shares in its name and you do not give the broker voting instructions, under the rules of the NASD, your broker may not vote your shares on the proposal to approve the Acquisition. If you do not give your broker voting instructions and the broker does not vote your shares, this is referred to as a "broker non-vote." Abstentions and broker non-votes are counted for purposes of determining the presence of a quorum, and will have no effect on the Acquisition.

Solicitation Costs

CBI is soliciting proxies on behalf of its Board of Directors. This solicitation is being made by mail but also may be made by telephone or in person. CBI and its directors and officers may also solicit proxies in person, by telephone or by other electronic means. These persons will not be paid for doing this. CBI has not hired a firm to assist in the proxy solicitation process but may do so if it deems this assistance necessary. CBI will pay all fees and expenses related to the retention of any proxy solicitation firm. CBI will ask banks, brokers and other institutions, nominees and fiduciaries to forward CBI's proxy statement materials to their principals and to obtain their authority to execute proxies and voting instructions. CBI will reimburse them for their reasonable expenses.

Stock Ownership

Of the 3,322,769 outstanding shares of CBI common stock on December 27, 2006, officers and directors of CBI, who own an aggregate of approximately 10.3% of CBI's outstanding shares of common stock, have agreed to vote such shares in favor of the Acquisition.

THE ACQUISITION PROPOSAL

The discussion in this proxy statement of the Acquisition and the principal terms of the Stock Purchase Agreement dated as of November 24, 2006, by and between Chemistry, PharmAust and CBI is subject to, and is qualified in its entirety by reference to, the Stock Purchase Agreement. A copy of the Stock Purchase Agreement is attached as Exhibit A to this proxy statement and is incorporated in this proxy statement by reference.

General Description of the Acquisition

Pursuant to the Stock Purchase Agreement, CBI will acquire all of the outstanding securities of Mimotopes from Chemistry, Mimotope's sole shareholder and parent company.

Background of the Acquisition

The terms of the Stock Purchase Agreement are the result of active negotiations between representatives of PharmAust and CBI. The following is a brief discussion of the background of these negotiations, the Acquisition and related transactions.

- Richard J. Freer, Ph.D., CBI's Chairman and Chief Executive Officer, met Paul D'Sylva, Ph.D., the Managing Director of PharmAust, at the Biotechnology Industry Organization conference in Chicago on April 11, 2006.
- On April 24, 2006, Dr. D'Sylva submitted a discussion paper to Dr. Freer detailing possible transactions between PharmAust and CBI.
- On May 2, 2006, Dr. D'Sylva visited CBI's headquarters and met with CBI management to discuss possible transactions between PharmAust and CBI.
- On May 19, 2006, Dr. D'Sylva met with CBI's Board of Directors and presented a potential transaction pursuant to which CBI and PharmAust would complete a "merger of equals."
- On May 19, 2006, CBI's Board of Directors rejected the "merger of equals" transaction citing that it believed that a de facto sale of CBI was not in the best interests of its shareholders.

-
- Between May 2006 and June 24, 2006, CBI and PharmAust continued to negotiate possible transaction structures, eventually settling upon the acquisition of Mimotopes by CBI.
 - Following intense negotiations, on June 24, 2006, PharmAust and CBI executed a letter of intent relating to the Acquisition.
 - On July 12, 2006, representatives of Mimotopes visit CBI headquarters for further interaction.
 - On July 25, 2006, CBI and PharmAust executed a final non-binding term sheet relating to the Acquisition. At the time, the parties contemplated a purchase price ranging between \$6,500,000 to \$8,000,000.
 - From August 21, 2006 to August 29, 2006, CBI executives and representatives conducted due diligence in Melbourne, Australia and Perth, Australia.
 - On September 1, 2006, CBI's Board of Directors discussed the results of the due diligence process.
 - On September 14, 2006, representatives of Mimotopes visited CBI headquarters for further interaction.
 - On September 29, 2006, CBI and PharmAust modified the term sheet relating to the Acquisition. The modification altered the consideration to be paid by CBI in the Acquisition to 2,150,000 shares of common stock.
 - From September 2006 to November 2006, CBI and PharmAust continued to negotiate the documents necessary to complete the Acquisition.
 - On November 24, 2006, CBI's Board of Directors approved the Stock Purchase Agreement and authorized CBI management to proceed with the Acquisition, pending shareholder approval.

CBI, on one hand, and Chemistry and PharmAust, on the other hand, were separately represented by counsel in all proceedings relating to the proposed transaction. CBI retained an independent firm, A&S, to evaluate the transaction for its overall fairness to the shareholders of CBI.

Necessity for Shareholder Approval

CBI's common stock is traded on the NASDAQ Capital Market under the symbol "CBTE." Consequently, CBI is subject to the Marketplace Rules promulgated by the NASD. The issuance of these shares requires shareholder approval under the NASD Marketplace Rules, such as Rule 4350.

Under Rule 4350(i)(1)(B) and 4350(i)(1)(D), respectively, shareholder approval must be sought when (a) the issuance or potential issuance will result in a change of control of the issuer (the “Change of Control Rule”) or (b) in connection with a transaction other than a public offering involving the sale, issuance or potential issuance by the issuer of common stock (or securities convertible into or exercisable for common stock) equal to 20% or more of the common stock or 20% or more of the voting power outstanding before the issuance for less than the greater of the book or market value of the stock (the “20% Rule”).

The Change of Control Rule

The Change of Control Rule requires CBI to obtain shareholder approval prior to certain issuances with respect to common stock or securities convertible into common stock which will result in a change of control of the issuer. Generally, NASD interpretations provide that 20% ownership of the shares of an issuer by one person or group of affiliated persons is deemed to be control of such issuer. Pursuant to the Stock Purchase Agreement, in consideration for all of the outstanding shares of Mimotopes, CBI will issue to Chemistry 2,150,000 restricted shares of CBI common stock at the closing. This issuance will constitute approximately 39.5% of CBI’s issued and outstanding shares of common stock on a post-issuance basis.

The 20% Rule

The 20% Rule requires Nasdaq-listed issuers to obtain shareholder approval prior to any issuance or potential issuance of securities representing 20% or more of the outstanding common stock or voting power of the issuer (on an as-converted or as-exercised basis) before such issuance for a price less than the greater of the book or market value of the issuer’s common stock. For purposes of this rule, the (i) outstanding common stock or voting power of the issuer is determined as of a date the issuer enters into a binding agreement with respect to such issuance or potential issuance, which in the case of the Acquisition of Mimotopes is November 24, 2006; and (ii) market value of the issuer’s common stock is deemed to be the closing bid price of the issuer’s common stock immediately prior to entering into such binding agreement, which in the case of the Acquisition, is \$2.05 per share, the closing bid price of CBI’s common stock on November 24, 2006.

At the closing, CBI will deliver to Chemistry 2,150,000 restricted shares of CBI common stock in exchange for all of Mimotopes’ issued and outstanding securities. The closing price of CBI common stock on December 29, 2006 was \$2.14 per share, and the market value of the shares to be issued to Chemistry, at the close of business on December 29, 2006, was approximately \$4.601 million. The value of the shares of CBI common stock to be issued to Chemistry will be subject to change with the fluctuation of the trading price of CBI’s common stock on the Nasdaq Capital Market. Accordingly, the issuance to Chemistry on the closing date may represent a below-market issuance of more than 20% of CBI outstanding common stock as of November 24, 2006. CBI does not intend to modify the number of shares to be issued to Chemistry based on changes to the price of CBI’s common stock. The number of shares of CBI’s common stock to be issued to Chemistry reflects CBI’s and PharmAust’s determination of the relative long-term worth of CBI after the Acquisition of Mimotopes, which long term worth may not be reflected, or which may be inappropriately adjusted by, fluctuations in CBI’s stock price. Additionally, fluctuations in CBI’s stock price may reflect factors that are independent of the respective valuations of Mimotopes and CBI upon which the Acquisition consideration is based.

CBI's Reasons for the Acquisition and Recommendation of CBI's Board of Directors

CBI's Board of Directors has concluded that the Acquisition of Mimotopes is in the best interests of its shareholders. In approving the Stock Purchase Agreement, CBI's Board of Directors relied on information (including financial information) relating to Mimotopes, the regulatory environment and the industry fundamentals. In addition, the Board of Directors considered A&S' opinion that, based on conditions and considerations described in its opinion, the Acquisition is fair to its current shareholders from a financial point of view.

In addition, CBI's Board of Directors considered a wide variety of factors in connection with its evaluation of the Acquisition and financing. In light of the complexity of those factors, the Board of Directors did not consider it practicable to, nor did it attempt to, quantify or otherwise assign relative weights to the specific factors it considered in reaching its decision. Some of the positive and negative factors, however, considered by the Board are described below:

Positive Factors

- CBI management believes that Mimotopes will enhance top-line revenues on a post-closing basis;
- Mimotopes is a company with an extensive client list, a highly regarded brand in the industry, and is led by an outstanding executive team;
- Paul D'Sylva, Ph.D., the Executive Director of Mimotopes, will assume the positions of Chief Executive Officer and Director of CBI following the completion of the Acquisition.
- Mimotopes offers CBI an existing, world-wide sales force, positioned in the major global biotechnology markets of North America and Europe, as well as the rapidly expanding Asian market;
- CBI believes that Mimotopes will offer CBI access to major biotechnology companies such as Invitrogen Corporation, Genzyme Pharmaceuticals, Inc., and Amgen, currently clients or industry partners of Mimotopes;
- Mimotopes has established business operations spanning nearly 20 years, is generating current revenues, and has the strong potential to experience additional growth; and

-
- Mimotopes owns several patents and trade secrets that provide a competitive advantage in some aspects of its business, particularly in the growing and high margin market of peptide libraries.

Negative Factors

- Time differences and physical distance between CBI and Mimotopes pose significant logistic considerations;
- One aspect of Mimotopes' business (custom peptides) is highly competitive, and pricing is impacted as a result;
- Mimotopes is reliant on one major client (Invitrogen Corporation) for 20-25% of near-term revenue;
- Mimotopes may require significant capital over the next three years; and
- The consideration to be paid to Chemistry for Mimotopes' securities (2,150,000 shares of CBI's common stock) represents a significant portion of CBI's outstanding securities. Chemistry will own approximately 39.5% of CBI on a post-closing basis.

Alternative Transactions

CBI's Board of Directors considered the acquisition of another biotechnology company, but through continued negotiations with the other party, CBI believed that the Acquisition was a better opportunity for CBI. CBI's Board of Directors also considered the alternative of not approving the Acquisition. The option of not approving any transaction was not, in the Board's exercise of sound business judgment, as favorable to CBI or its shareholders as the Acquisition.

Business Synergy

With respect to the Acquisition, CBI's Board of Directors felt that Mimotopes and CBI have compatible existing business models and that the combination of the two companies as contemplated by the Stock Purchase Agreement and related documents will result in certain management and operational efficiencies that would not have been otherwise achieved by each company acting alone including the ability to access less expensive materials and more timely product delivery. In addition, the Board of Directors believes that diversification of CBI's business in the manner contemplated by the Acquisition will assist CBI in furthering its overall business strategy.

Appraisal or Dissenters Rights

No appraisal rights are available under the Virginia Stock Corporation Act for CBI's shareholders of in connection with the Acquisition.

Material U.S. Federal Income Tax Consequences of the Acquisition

The following discusses the material U.S. federal income tax consequences of the Acquisition to CBI and its shareholders. CBI does not anticipate any federal income tax effect to its security holders as a result of the financing. This discussion is based on the United States Internal Revenue Code of 1986, as amended (the "Code"). CBI's security holders will continue to hold their securities and, as a result will not recognize any gain or loss from the Acquisition. The conclusions expressed above are based on current United States tax law. Future legislative, administrative or judicial changes or interpretations, which can apply retroactively, could affect the accuracy of those conclusions. No rulings have been or will be sought from the Internal Revenue Service concerning the tax consequences of the transactions contemplated by the Stock Purchase Agreement. The discussion does not address all of the tax consequences that may be relevant to particular taxpayers in light of their personal circumstances or to taxpayers subject to special treatment under the Code. Such taxpayers include non-U.S. persons, insurance companies, tax-exempt entities, dealers in securities, banks and persons who acquired their shares of capital stock pursuant to the exercise of employee options or otherwise as compensation.

BECAUSE OF THE COMPLEXITY OF THE TAX LAWS, AND BECAUSE THE TAX CONSEQUENCES TO ANY PARTICULAR SHAREHOLDER MAY BE AFFECTED BY MATTERS NOT DISCUSSED ABOVE, EACH CBI SHAREHOLDER IS URGED TO CONSULT A TAX ADVISOR WITH RESPECT TO THE SPECIFIC TAX CONSEQUENCES OF THE TRANSACTION CONTEMPLATED BY THE STOCK PURCHASE AGREEMENT TO HIM, HER OR IT, INCLUDING THE APPLICABILITY AND EFFECT OF STATE, LOCAL AND NON-U.S. TAX LAWS, AS WELL AS FEDERAL TAX LAWS.

Regulatory Matters

The Acquisition and the transaction contemplated by the Stock Purchase Agreement are not subject to the Hart-Scott-Rodino Antitrust Improvements Act of 1976 or any other material federal or state regulatory requirement or approval, other than that described in this proxy statement relating to NASD Marketplace Rules and Virginia law.

Consequences if the Acquisition is Not Approved

If the Acquisition is not approved by CBI's shareholders, then CBI will not be able to consummate the Acquisition upon the terms currently contemplated by the Stock Purchase Agreement.

Required Vote

To be approved by the shareholders, the proposal to approve, for purposes of NASD Marketplace Rule 4350, the issuance of securities to Chemistry pursuant to the Stock Purchase Agreement must receive the affirmative votes of a majority of the votes cast, in person or by proxy, at the special meeting. Abstentions are treated as shares present or represented and entitled to vote at the special

meeting and will have the same effect as a vote against this proposal. Broker non-votes are not deemed to be present and represented and are not entitled to vote, and therefore will have no effect on the outcome of this proposal.

Recommendation

The Board of Directors believes that it is in CBI's best interests that the shareholders authorize the issuance of common stock to Chemistry pursuant to the Stock Purchase Agreement.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE SHAREHOLDERS VOTE "FOR" THE ACQUISITION PROPOSAL TO PURCHASE THE OUTSTANDING SECURITIES OF MIMOTOPES FROM PHARMAUST PURSUANT TO THE TERMS OF THE STOCK PURCHASE AGREEMENT.

OPINION OF CBI'S FINANCIAL ADVISOR

CBI retained A&S in September 2006 to assist it in the Acquisition of Mimotopes. As part of that engagement, CBI retained A&S to render an opinion with respect to the fairness, from a financial point of view, to the holders of CBI common stock, of any stock purchase or acquisition consideration to be paid, should CBI agree to the stock acquisition. A&S is a nationally recognized investment banking firm with substantial experience in merger and acquisition transactions and is familiar with CBI and its business. As part of its investment banking business, A&S is routinely engaged in the valuation of businesses and their securities in connection with acquisitions and mergers. CBI selected A&S as its financial advisor based upon A&S' qualifications, experience and reputation.

On November 17, 2006, A&S delivered a written opinion that the stock acquisition consideration to be paid by CBI was fair to the shareholders of CBI, from a financial point of view, as of the date of the opinion. A&S will update this opinion prior to the closing of the transaction. Neither CBI nor its Board of Directors imposed any limitations on A&S with respect to the investigations made or the procedures followed in rendering the opinion.

A&S' written opinion to CBI's Board of Directors set forth the assumptions made, matters considered and extent of review by A&S, are attached and are incorporated by reference into this proxy statement. They should be read carefully and in their entirety in conjunction with this proxy statement. The following summary of A&S' opinion is qualified in its entirety by reference to the full text of the opinion. A&S' opinion is attached as Exhibit D hereto. A&S' opinion is addressed to the CBI Board of Directors and does not constitute a recommendation to any shareholder of CBI as to how the shareholder should vote at the shareholder meeting.

In rendering its opinion, A&S reviewed, among other things:

- the historical financial performance, current financial position and general prospects of CBI and certain internal financial analyses and forecasts prepared by management of Mimotopes and CBI;

-
- the historical financial performance, current financial position and general prospects of Mimotopes and certain internal financial analyses and forecasts prepared by management of Mimotopes and CBI;
 - interim reports to shareholders and Quarterly Reports on Form 10-QSB of CBI and other communications from CBI to its shareholders;
 - interim reports of Mimotopes and other communications from Mimotopes and PharmAust; and
 - other financial information concerning the businesses and operations of CBI and Mimotopes furnished to A&S by CBI and Mimotopes for purposes of A&S' analysis.

A&S also communicated with members of senior management of CBI:

- past and current business operations;
- financial condition;
- future prospects of the respective companies; and
- likely tax, accounting, transaction costs and synergies resulting from the merger.

A&S also:

- reviewed the market prices, valuation multiples, publicly reported financial conditions and results of operations for Mimotopes and PharmAust and compared them with those of certain publicly traded companies that A&S deemed to be relevant;
- reviewed the market prices, valuation multiples, publicly reported financial condition and results of operations for CBI and compared them with those of certain publicly traded companies that A&S deemed to be relevant;
- compared the proposed financial terms of the acquisition with the financial terms of certain other transactions that A&S deemed to be relevant; and
- performed other studies and analyses that it considered appropriate and generally described below.

In conducting its review and arriving at its opinion, A&S relied upon and assumed the accuracy and completeness of all of the financial and other information provided to or otherwise made available to A&S or that was discussed with, or reviewed by or for A&S. A&S did not attempt or assume any responsibility to verify such information independently. A&S relied upon the management

of CBI and Mimotopes as to the reasonableness and achievability of the financial and operating forecasts and projections (and assumptions and bases therefore) provided to A&S. A&S did not make or obtain any evaluations or appraisals of any assets or liabilities of Mimotopes or CBI, and A&S did not audit any books or records.

The projections furnished to A&S and used by it in certain of its analyses were prepared by CBI's and Mimotopes' senior management. CBI and Mimotopes do not publicly disclose internal management projections of the type provided to A&S in connection with its review of the acquisition. As a result, such projections were not prepared with a view towards public disclosure. The projections were based on numerous variables and assumptions which are inherently uncertain, including factors related to general economic and competitive conditions. Accordingly, actual results could vary significantly from those set forth in the projections.

For purposes of rendering its opinion, A&S assumed that, in all respects material to its analyses:

- the Acquisition will be completed substantially in accordance with the terms set forth in the Stock Purchase Agreement;
- the representations and warranties of each party in the Stock Purchase Agreement and in all related documents and instruments referred to in the Stock Purchase Agreement are true and correct;
- each party to the Stock Purchase Agreement and all related documents will perform all of the covenants and agreements required to be performed by such party under such documents;
- all conditions to the completion of the Stock Purchase Agreement will be satisfied without any waivers; and
- in the course of obtaining the necessary regulatory, contractual, or other consents or approvals for the Acquisition, no restrictions, including any divestiture requirements, termination or other payments or amendments or modifications, will be imposed that will have a material adverse effect on the future results of operations or financial condition of the combined entity or the contemplated benefits of the Acquisition, including the cost savings, revenue enhancements and related expenses expected to result from the acquisition.

A&S further assumed that the Acquisition will be accounted for as a purchase transaction under generally accepted accounting principles. A&S' opinion is not an expression of an opinion as to the prices at which shares of CBI common stock trades or the actual value of the shares of common stock of the combined company when issued pursuant to the Acquisition, or the prices at which the shares of common stock of the combined company will trade following the completion of the Acquisition.

In performing its analyses, A&S made numerous assumptions with respect to industry performance, general business, economic, market and financial conditions and other matters, many of which are beyond the control of A&S, CBI and Mimotopes and its parent company PharmAust. Any estimates contained in the analyses performed by A&S are not necessarily indicative of actual values or future results, which may be significantly more or less favorable than suggested by these analyses. Additionally, estimates of the value of businesses or securities do not purport to be appraisals or to reflect the prices at which such businesses or securities might actually be sold. Accordingly, these analyses and estimates are inherently subject to substantial uncertainty.

The following is a summary of the material analyses provided by A&S to CBI's Board of Directors in connection with its November 17, 2006 opinion. In connection with its written opinion, A&S performed procedures to update certain of its analyses and review the assumptions on which such analyses were based and the factors considered in connection therewith. A&S did not utilize any methods of analysis in addition to those described. The summary is not a complete description of the analyses underlying the A&S opinion, but summarizes the material analyses performed and presented in connection with the opinion. The preparation of a fairness opinion is a complex analytic process involving various determinations as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances. Therefore, a fairness opinion is not readily susceptible to partial analysis or summary description. In arriving at its opinion, A&S did not attribute any particular weight to any analysis or factor that it considered, but rather made qualitative judgments as to the significance and relevance of each analysis and factor. The financial analyses summarized below include information presented in tabular format. Accordingly, A&S believes that its analyses and the summary of its analyses must be considered as a whole and that selecting portions of its analyses and factors or focusing on the information presented below in tabular format, without considering all analyses and factors or the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of the process underlying its analyses and opinions. The tables alone do not constitute a complete description of the financial analyses.

Transaction Summary

A&S calculated the stock acquisition consideration to be paid as a multiple of Mimotopes total equity capital, revenue and EBITDA. The acquisition consideration was based on 2,150,000 of CBI common stock. CBI reviewed a range of CBI stock prices of \$1.98 per share as of November 13, 2006 to \$2.51 as of October 30, 2006. When using the high end of the range CBI's closing price of \$2.51, this amount would represent an aggregate price of \$5,396,500. Even at the high end of the range, A&S found that the stock acquisition consideration to be paid by CBI was fair to the shareholders of CBI, from a financial point of view, as of the date of the opinion.

Selected Transaction Analysis

A&S reviewed certain financial data related to a set of comparable biotech merger transactions. A&S compared multiples of price to various factors for the Acquisition to the same multiples for the comparable group's acquisitions at the time those acquisitions and the Acquisition were announced. The results were as follows at the high end of the range of CBI's stock price of \$2.51 per share as of October 30, 2006:

Comparable Transactions

	<u>Low</u>	<u>High</u>	<u>Median</u>	<u>Mimotopes / CBI Acquisition</u>
Price / Revenue	3.53x	265.70x	27.34x	1.60x
Price / Equity	6.21x	16.67x	10.40x	2.30x

Price / EBITDA	(51.21)x	304.79x	20.16x	N/A

A&S also analyzed the financial data as of the trailing twelve months ended June 30, 2006 for Mimotopes and reporting periods prior to the announcement of each transaction for each target in the Selected Transactions Analysis. The results were as follows:

Comparable Targets

	<u>Low</u>	<u>High</u>	<u>Median</u>	<u>Mimotopes</u>

No company or transaction used as a comparison in the above analysis is identical to Mimotopes, CBI or the Acquisition. Accordingly, an analysis of these results is not purely mathematical. Rather, it involves complex considerations and judgments concerning differences in financial and operating characteristics of the companies and other factors that could affect the value of the companies to which they are being compared.

Discounted Cash Flow Analysis

Using a discounted cash flow analysis, A&S estimated the present value of the future stream of dividends that Mimotopes could produce over the next five years, under various circumstances, and assuming Mimotopes performed in accordance with management's earnings forecast for 2007 and a minimum 7% annual revenue growth thereafter. A&S then estimated the terminal values for Mimotopes stock at the end of the period by applying multiples ranging from 1.5x to 3.0x projected revenues in year five. The terminal values of earnings in year five were then determined and discounted to present values using different discount rates (ranging from 11.0% to 14.0%) chosen to reflect different assumptions regarding the required rates of return to holders or prospective buyers of Mimotopes ordinary shares. This discounted cash flow analysis indicated reference ranges of between \$2.31 and \$5.27 per ordinary share of Mimotopes. At the current value of CBI's stock price all of these values are above the consideration offered by CBI to Mimotopes in the Acquisition.

Anderson & Strudwick also did the same analysis for CBI and compared their present value to Mimotopes. As a result, CBI would contribute 58.96% to the consolidated company in comparison to approximately 60.60% ownership that CBI would retain.

Relative Stock Price Performance

A&S also analyzed the price performance of Mimotopes (PharmAust) and CBI's common stock from October 30, 2005 to October 30, 2006 and compared that performance to the performance of the NASDAQ Biotechnology Index ("Biotech Index") over the same period. This analysis indicated the following cumulative changes in price over the period:

Mimotopes (PharmAust Ordinary Share Price)	(42.86)%
CBI	(45.31)%
NASDAQ Biotech Index	8.83%

Selected Peer Group Analysis

A&S compared the financial performance of Mimotopes to those of a group of comparable companies. To perform this analysis, A&S used the financial information as of the trailing twelve months ended June 30, 2006 and market price information as of October 30, 2006. A&S included 14 publicly traded research service companies in the peer group.

A&S' analysis showed the following concerning Mimotopes' and CBI's financial and market performance:

Financial Impact Analysis

A&S performed pro forma acquisition analysis that combined projected income statement and balance sheet information. Assumptions regarding the accounting treatment, acquisition adjustments and cost savings were used to calculate the financial impact that the acquisition would have on certain projected financial results of the pro forma company. This analysis indicated that the acquisition is expected to be neutral to slightly accretive to CBI's estimated 2007 GAAP earnings per share, and accretive to CBI's estimated 2008 GAAP earnings per share. This analysis was based on managements' earnings estimates for Mimotopes and CBI and minimal cost savings. Mimotopes' and CBI's fourth quarter 2006 and 2007 earnings projections were provided by each company's respective management. For all of the above analyses, the actual results achieved by the combined company following the acquisition will vary from the projected results and the variations may be material.

Other Analyses

A&S reviewed the relative financial and market performance and CBI to a variety of relevant industry peer groups and indices. A&S also reviewed earnings estimates, historical stock performance, stock liquidity and research coverage.

The CBI Board of Directors has retained A&S as an independent contractor to act as financial adviser to CBI regarding the acquisition. As part of its investment banking business, A&S is continually engaged in the valuation of businesses and their securities in connection with acquisitions and acquisitions, negotiated underwritings, competitive biddings, secondary distributions of listed and unlisted securities, private placements and valuations for estate, corporate and other purposes. As specialists in the securities business, A&S has experience in, and knowledge of, the valuation of such enterprises. In the ordinary course of its business as a broker-dealer, A&S may, from time to time, purchase securities from, and sell securities to, CBI, Mimotopes and its parent company PharmAust Ltd. As a market maker in securities, A&S may from time to time have a long or short position in, and buy or sell, debt or equity securities of CBI, Mimotopes and its parent company PharmAust Ltd. for A&S' own account and for the accounts of its customers.

CBI and A&S have entered into an agreement relating to the services to be provided by A&S in connection with the acquisition. CBI has agreed to pay A&S at the time of closing a cash fee equal to \$125,000. Pursuant to the A&S engagement agreement, CBI also agreed to reimburse A&S for reasonable out-of-pocket expenses and disbursements incurred in connection with its retention and to indemnify against certain liabilities, including liabilities under the federal securities laws.

THE STOCK PURCHASE AGREEMENT

The following summary of the material provisions of the Stock Purchase Agreement is qualified by reference to the complete text of the Stock Purchase Agreement, a copy of which is attached as Exhibit A to this proxy statement. All shareholders are encouraged to read the Stock Purchase Agreement in its entirety for a more complete description of the terms and conditions of the Acquisition.

Structure of the Acquisition

At the effective time of the Acquisition, Mimotopes will continue as an operating company and become CBI's wholly-owned subsidiary.

Purchase Price Payments

At the closing, CBI will deliver to Chemistry 2,150,000 restricted shares of CBI's common stock, without par value per share, for all of the outstanding securities of Mimotopes. The closing price of CBI's common stock on December 29, 2006 was \$2.14 per share and the market value of the shares to be issued to Chemistry, at the close of business on December 29, 2006 was approximately

\$4.601 million. The value of the shares of CBI's common stock to be issued to Chemistry, the sole shareholder and parent corporation of Mimotopes, will be subject to change with the fluctuation of the trading price of CBI's common stock on the Nasdaq Capital Market. CBI do not intend to modify the number of shares to be issued to Chemistry based on changes to the price of CBI's common stock. The number of shares of CBI's common stock to be issued to Chemistry reflects CBI's Board of Directors' and PharmAust's determination of the relative long-term worth of CBI after the Acquisition of Mimotopes, which long term worth may not be reflected, or which may be inappropriately adjusted by, fluctuations in CBI's stock price. Additionally, fluctuations in CBI's stock price may reflect factors that are independent of the respective valuations of Mimotopes and CBI upon which the Acquisition consideration is based.

Closing of the Acquisition

Subject to the provisions of the Stock Purchase Agreement, the closing of the Acquisition will take place on the first day following the date that CBI's shareholders approve the Acquisition, or at such other time as the parties may agree.

Representations and Warranties

The Stock Purchase Agreement contains a number of representations and warranties that Chemistry, PharmAust and CBI have made to each other. These representations and warranties relate to:

- organization, qualification and corporate power;
- capitalization;
- noncontravention;
- broker's fees;
- title to assets;
- financial statements;
- lack of material adverse changes;
- undisclosed liabilities;
- legal compliance;
- taxes;
- real property;
- intellectual property;

-
- insurance;
 - litigation;
 - environment, health and safety matters; and
 - employment.

Materiality and Material Adverse Effect

Many of the representations and warranties are qualified by materiality or material adverse effect. For the purposes of the Stock Purchase Agreement, a material adverse effect on PharmAust means a material adverse effect on the business, operations, properties, assets or financial condition of Mimotopes.

Indemnification

If the closing occurs, Chemistry and PharmAust have jointly and severally agreed to indemnify and hold harmless CBI, for any damages, whether as a result of any third party claim or otherwise, and which arise from or in connection with the breach of representations and warranties and agreements and covenants of Chemistry and PharmAust or for any brokerage or finder's fees or commissions or similar payments in connection with the Acquisition. CBI shall indemnify and hold harmless Chemistry and PharmAust from and against any damages which arise from or in connection with the breach of representations and warranties and agreements and covenants of CBI's. The representations and warranties will survive the closing date for a period of two years following closing date.

Fees and Expenses

Except as provided in the Stock Purchase Agreement, Chemistry and PharmAust, on the one hand, and CBI, on the other hand, shall be responsible for their own fees and expenses (including the fees and expenses of their own lawyers, accountants and other advisers) in connection with the Stock Purchase Agreement and the transactions contemplated thereby.

- the performance of and compliance with all of the covenants made, and obligations to be performed, by Chemistry and PharmAust pursuant to the Stock Purchase Agreement at or prior to the closing date, including the delivery of certain required documents;
- the receipt of requisite third-party consents;
- the receipt of a final opinion from A&S to the effect that the consideration to be paid by CBI to Chemistry is fair to CBI's shareholders from a financial point of view;
- the execution at the closing by Chemistry and PharmAust of the Voting Agreement;
- the execution at the closing by Chemistry of the Registration Rights Agreement; and
- the absence of claims by third parties regarding the ownership of Mimotopes securities or its assets or the entitlement to a portion of the purchase price.

The obligation of Chemistry and PharmAust to consummate the Acquisition is subject to the following conditions:

- the accuracy of the representations and warranties made by CBI in the Stock Purchase Agreement as of the closing date;

-
- the performance of and compliance with all of the covenants made, and obligations to be performed, by CBI pursuant to the Stock Purchase Agreement at or prior to the closing date, including the delivery of certain required documents;

- By mutual written consent of Chemistry, PharmAust and CBI;
- By any party to the Stock Purchase Agreement if a material breach of any representation, warranty or obligation contained in the Stock Purchase Agreement by another party exists that may not be cured within 30 days written notice of such breach; or
- By any party to the Stock Purchase Agreement if any conditions contained in the Stock Purchase Agreement have not been fulfilled by the other parties thereto.

Effect of Termination

In the event of termination by Chemistry, PharmAust or CBI, the Stock Purchase Agreement will become void and have no effect, without any liability or obligation on the part of PharmAust, Chemistry or CBI.

Assignment

The rights and obligations of a party under the Stock Purchase Agreement may not be assigned without the prior consent of the other parties to such agreement.

Amendment

Any purported amendment to the Stock Purchase Agreement shall be null and void unless it is in writing and signed by the party to be charged with the amendment.

Further Assurances

Chemistry, PharmAust and CBI have agreed that each will execute and deliver on or after the date of the Stock Purchase Agreement, all such other documents and will take all reasonable actions as may be necessary to carry out the intent of the Stock Purchase Agreement.

Voting and Lock-up Agreement

In addition, pursuant to the terms of the Stock Purchase Agreement, Chemistry and PharmAust will enter into a Voting and Lock-Up Agreement. Pursuant to the terms of this agreement, Chemistry shall agree not to sell or otherwise dispose of the CBI common stock issued to it in the Acquisition for a period of 12 months following execution of the agreement. In addition, pursuant to the Voting and Lock-Up Agreement, for so long as they hold shares of CBI common stock, PharmAust and Chemistry have agreed to vote such shares in favor of any director nominees nominated by CBI's Nominating Committee for election to CBI's Board of Directors. A copy of the Voting and Lock-Up Agreement is attached as Exhibit B hereto.

Registration Rights

In addition to customary covenants contained in the Stock Purchase Agreement, CBI has agreed to certain registration obligations with regard to the shares issued to Chemistry. Upon closing, CBI has agreed to execute the Registration Rights Agreement. The Registration Rights Agreement will provide that at any time one (1) year after execution of the such agreement, Chemistry may demand that CBI register all or any portion of the shares issued to Chemistry with the Securities and Exchange Commission. This demand registration right is a one-time right. Pursuant to the terms of this arrangement, CBI will pay the costs associated with registration; provided, however, that Chemistry is responsible for any underwriting discounts, spreads and commissions and any costs, fees and disbursements of accountants and counsel retained by Chemistry. A copy of the Registration Rights Agreements is attached as Exhibit C hereto.

Effect of Acquisition

If the Acquisition is consummated, CBI will issue 2,150,000 restricted shares of CBI's common stock to Chemistry as consideration for the shares of Mimotopes. If this occurs, Chemistry will own approximately 39.5% of CBI's outstanding common stock. No other stockholder (based on current holdings) will own more than 5% of CBI's common stock. Although the consummation of the Acquisition would result in a significant concentration of CBI's common stock in one shareholder's ownership, the Stock Purchase Agreement requires Chemistry to enter into a voting agreement that would require Chemistry to vote in favor of director candidates recommended for CBI's board of directors by an independent nominating committee. While Chemistry is thus likely to have significant influence in shareholder votes, Chemistry will not own a majority of shares of CBI's common stock and will not have the authority to appoint directors to CBI's board or to veto candidates nominated by CBI's independent nominating committee.

The following summary description of CBI's capital stock is qualified in its entirety by reference to CBI's Articles of Incorporation.

Common Stock

CBI is authorized to issue up to 10,000,000 shares of Common Stock. As of December 27, 2006, 3,322,769 shares of Common Stock are issued and outstanding. The holders of Common Stock are entitled to one vote for each share on all matters voted on by shareholders, including elections of directors, and possess exclusively all voting power except as otherwise required by law. CBI's Articles of Incorporation do not provide for cumulative voting for the election of directors. The holders of Common Stock are entitled to such dividends as may be declared from time to time by CBI's Board of Directors from funds available therefor, and upon liquidation will be entitled to receive *pro rata* all of CBI's assets available for distribution to such holders. The holders of Common Stock have no preemptive or other subscription rights, and there are no conversion rights or redemption or sinking fund provisions with respect to the Common Stock.

Warrants

CBI has reserved 71,053 shares of common stock issuable upon the exercise of warrants issued to certain of its executives in connection with a private placement of securities that occurred simultaneously with CBI's initial public offering in 1997. The warrants are exercisable June 24, 2007 and have an exercise price of \$9.90 per share. Prior to exercise, holders of such warrants will not, as such, have any of the rights of shareholders of CBI.

CBI has reserved 32,778 shares of common stock issuable upon the exercise of warrants issued to investors in its August 2002 private placement of common stock and warrants to purchase common stock. Such warrants have an exercise price of \$0.90 per share and an expire on August 29, 2007.

CBI has reserved 124,000 shares of common stock issuable upon the exercise of warrants issued to investors in its May 2004 private placement of common stock and warrants to purchase shares of common stock. Of these warrants, warrants to purchase 100,000 shares of common stock have an exercise price of \$7.59 per share. The remaining warrants to purchase 24,000 shares of common stock have an exercise price of \$7.50 per share. These warrants expire on May 27, 2009.

Certain Provisions of CBI's Articles of Incorporation and Bylaws

CBI's Articles of Incorporation and Bylaws contain provisions that make more difficult the acquisition of control of CBI's company by means of a tender offer, a proxy contest, open market purchases or otherwise. The Articles of Incorporation provide for the CBI's Board of Directors to be divided into three classes serving staggered terms. One class of directors will be elected each year for a three-year term. A director may be removed only for cause.

The Articles of Incorporation require the affirmative vote of more than two-thirds of the outstanding shares of Common Stock for the approval of mergers, share exchanges, certain dispositions of assets and other extraordinary transactions. In addition, the affirmative vote of at least two-thirds of the outstanding shares of each voting group of capital stock is required for approval of an Affiliated Transaction (as defined below) with an Interested Shareholder (as defined below), subject to certain exceptions comparable to those contained in the Virginia Stock Corporation Act (the "Virginia Act"). The Articles of Incorporation further require the affirmative vote of the majority of the outstanding shares of Common Stock for the approval of amendments to the Articles of Incorporation, except that the affirmative vote of at least two-thirds of the outstanding shares of Common Stock is required to approve an amendment to the provisions of the Articles of Incorporation establishing the classified board and the super majority voting requirement for Affiliated Transactions.

The Bylaws establish an advance notice procedure for the nomination of candidates for election as directors, other than by the Board of Directors of CBI, and for certain matters to be brought before an Annual Meeting of CBI. A shareholder must give CBI notice not less than 90 days prior to an Annual Meeting of shareholders to (i) nominate persons to be elected directors of CBI at such meeting or (ii) propose business matters to be considered at such meeting.

The purpose of the relevant provisions of the Articles of Incorporation and Bylaws is to discourage certain types of transactions that may involve an actual or threatened change of control of CBI and to encourage persons seeking to acquire control of CBI's company to consult first with CBI's company Board of Directors to negotiate the terms of any proposed business combination or offer. The provisions are designed to reduce the vulnerability of CBI's company to an unsolicited proposal for a takeover of CBI's company that does not have the effect of maximizing long-term shareholder value or is otherwise unfair to shareholders of CBI's company, or an unsolicited proposal for the restructuring or sale of all or part of CBI's company that could have such effects.

Certain Corporate Governance Provisions of the Virginia Act

CBI is subject to the "affiliated transactions" provisions of the Virginia Act which restrict certain transactions between CBI and any person (an "Interested Shareholder") who beneficially owns more than 10% of any class of CBI's voting securities ("Affiliated Transactions"). These restrictions, which are described below, do not apply to an Affiliated Transaction with an Interested Shareholder who has been such continuously since the date CBI first had 300 shareholders of record or whose acquisition of shares making such person an Interested Shareholder was previously approved by a majority of CBI's Disinterested Directors.

“Disinterested Director” means, with respect to a particular Interested Shareholder, a member of CBI’s Board of Directors who was (i) a member on the date on which an Interested Shareholder became an Interested Shareholder or (ii) recommended for election by, or was elected to fill a vacancy and received the affirmative vote of, a majority of the Disinterested Directors then on the Board of Directors. Affiliated Transactions include mergers, share exchanges, material dispositions of corporate assets not in the ordinary course of business, any dissolution of CBI proposed by or on behalf of an Interested Shareholder, or any reclassification, including reverse stock splits, recapitalization or merger of CBI with its subsidiaries, which increases the percentage of voting shares owned beneficially by an Interested Shareholder by more than five percent.

The “affiliated transactions” statute prohibits CBI from engaging in an Affiliated Transaction with an Interested Shareholder for a period of three years after the Interested Shareholder became such unless the transaction is approved by the affirmative vote of a majority of the Disinterested Directors and by the affirmative vote of the holders of two-thirds of the voting shares other than those shares beneficially owned by the Interested Shareholder. Following the three-year period, in addition to any other vote required by law or by the Articles of Incorporation, an Affiliated Transaction must be approved either by a majority of the Disinterested Directors or by the shareholder vote described in the preceding sentence unless the transaction satisfies the fair-price provisions of the statute. These fair-price provisions require, in general, that the consideration to be received by shareholders in the Affiliated Transaction (i) be in cash or in the form of consideration used by the Interested Shareholder to acquire the largest number of its shares and (ii) not be less, on a per share basis, than an amount determined in the manner specified in the statute by reference to the highest price paid by the Interested Shareholder for shares it acquired and the fair market value of the shares on specified dates. CBI is also subject to the “control share acquisitions” provisions of the Virginia Act, which provide that shares of CBI’s voting securities which are acquired in a “Control Share Acquisition” have no voting rights unless such rights are granted by a shareholders’ resolution approved by the holders of a majority of the votes entitled to be cast on the election of directors by persons other than the acquiring person or any officer or employee-director of CBI’s company. A “Control Share Acquisition” is an acquisition of voting shares which, when added to all other voting shares beneficially owned by the acquiring person, would cause such person’s voting strength with respect to the election of directors to meet or exceed any of the following thresholds: (i) one-fifth, (ii) one-third or (iii) a majority. “Beneficial ownership” means the sole or shared power to dispose or direct the disposition of shares, or the sole or shared power to vote or direct the voting of shares, or the sole or shared power to acquire shares, including any such power which is not immediately exercisable, whether such power is direct or indirect or through any contract, arrangement, understanding, relationship or otherwise. A person shall be deemed to be a beneficial owner of shares as to which such person may exercise voting power by virtue of an irrevocable proxy conferring the right to vote. An acquiring person is entitled, before or after a Control Share Acquisition, to file a disclosure statement with CBI and demand a special meeting of shareholders to be called for the purpose of considering whether to grant voting rights for the shares acquired or proposed to be acquired. CBI may, during specified periods, redeem the shares so acquired if no disclosure statement is filed or if the shareholders have failed to grant voting rights to such shares. In the event full voting rights are granted to an acquiring person who then has majority voting power, those shareholders who did not vote in favor of such grant are

entitled to dissent and demand payment of the fair value of their shares from CBI. The control share acquisitions statute does not apply to an actual or proposed Control Share Acquisition if the Articles of Incorporation or CBI's Bylaws are amended, within the time limits specified in the statute, to so provide.

A corporation may, at its option, elect not to be governed by the foregoing provisions of the Virginia Act by amending its Articles of Incorporation or Bylaws to exempt itself from coverage; provided, however, any such election not to be governed by the "affiliated transactions" statute must be approved by the corporation's shareholders and will not become effective until 18 months after the date it is adopted. CBI has not elected to exempt its company from coverage under these statutes.

Effect of Certain Provisions Upon an Attempt to Acquire Control of CBI's Company

The foregoing provisions of CBI's Articles of Incorporation and Bylaws, as well as the provisions of Virginia law described above, make more difficult, and may discourage certain types of potential acquirers from proposing, a merger, tender offer or proxy contest, even if such transaction or occurrence may be favorable to the interests of the shareholders. Similarly, such provisions may delay or frustrate the assumption of control by a holder of a large block of Common Stock and the removal of incumbent management, even if such removal might be beneficial to shareholders. By discouraging takeover attempts, these provisions might have the incidental effect of inhibiting (i) certain changes in management and (ii) the temporary fluctuations in the market price of the shares that often result from actual or considered takeover attempts.

None of the Parent, the Seller and the directors and officers of the Target has any Knowledge of any organizational effort presently being made or threatened by or on behalf of any labor union with respect to employees of the Target.

(u) Guaranties. The Target is not a guarantor or otherwise responsible for any liability or obligation (including indebtedness) of any other Person.

(v) Environment, Health, and Safety Matters.

(i) Each of the Target and its predecessors and Affiliates, if any, has complied and is in compliance with all Environmental, Health, and Safety Requirements.

(ii) Without limiting the generality of the foregoing, each of the Target and its Affiliates, if any, has obtained, has complied, and is in compliance with all permits, licenses and other authorizations that are required pursuant to Environmental, Health, and Safety Requirements for the occupation of its facilities and the operation of its business.

(iii) Neither the Target nor any of its Affiliates has received any written or oral notice, report or other information regarding any actual or alleged violation of Environmental, Health, and Safety Requirements, or any liabilities or potential liabilities (whether accrued, absolute, contingent, unliquidated or otherwise), including any investigatory, remedial or corrective obligations, relating to any of them or its facilities arising under Environmental, Health, and Safety Requirements.

(iv) None of the Target or its predecessors or Affiliates, if any, has treated, stored, disposed of, arranged for or permitted the disposal of, transported, handled, or released any substance, including without limitation any hazardous substance, or owned

or operated any property or facility (and no such property or facility is contaminated by any such substance) in a manner that has given or would give rise to material liabilities, including any material liability for response costs, corrective action costs, personal injury, property damage, natural resources damages or attorney fees.

(x) Disclosure. The representations and warranties contained in this Section 4 do not contain any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements and information contained in this Section 4 not misleading.

(w) Employment Agreements. The Target will have entered into employment agreements with each of the individuals indicated in Section 4(y) of the Disclosure Schedule by the Closing Date. Each of these employees were formerly employed by the Seller, but provided services to the Target exclusively. Each of the employment agreements with the Target are identical to the former employment agreements with the Seller in all material respects.

5. Pre-Closing Covenants. The Parties agree as follows with respect to the period between the execution of this Agreement and the Closing.

(a) General. Each of the Parties will use its reasonable best efforts to take all action and to do all things necessary, proper, or advisable in order to consummate and make effective the transactions contemplated by this Agreement (including satisfaction, but not waiver, of the closing conditions set forth in Section 7 below).

(b) As promptly as practicable after the execution of this Agreement, the Buyer shall prepare, and file with the SEC, preliminary proxy materials relating to this Agreement to obtain shareholder approval. The Parent, the Seller and the officers and directors of the Target shall provide promptly to the Buyer such information concerning the Target and the Seller as, in the reasonable judgment of the Buyer, may be required or appropriate for inclusion in the proxy statement, or in any amendments or supplements thereto. At the earliest practicable time following the later of:

(i) receipt and resolution of SEC comments thereon, or

(ii) the expiration of the 10-day waiting period provided in Rule 14a-6(a) promulgated under the Securities Exchange Act.

The Buyer shall file definitive proxy materials with the SEC and cause the proxy statement to be mailed to its shareholders.

(c) Notices and Consents. The Parent and the Seller will cause the Target to give any notices to third parties, and will cause the Target to use its reasonable best efforts to obtain any third party consents, that the Buyer reasonably may request in connection with the matters referred to herein. Each of the Parties will (and the Parent and the Seller will cause the Target to) give any notices to, make any filings with, and use its reasonable best efforts to obtain any authorizations, consents, and approvals of governments and governmental agencies in connection with the matters referred to herein.

(d) **Operation of Business.** The Parent and the Seller will not cause or permit the Target to engage in any practice, take any action, or enter into any transaction outside the Ordinary Course of Business. Without limiting the generality of the foregoing, the Parent and the Seller will not cause or permit the Target to (i) declare, set aside, or pay any dividend or make any distribution with respect to its capital stock or redeem, purchase, or otherwise acquire any of its capital stock or (ii) otherwise engage in any practice, take any action, or enter into any transaction of the sort described in Section 4(g) above.

(e) **Preservation of Business.** The Parent and the Seller will cause the Target to keep its business and properties substantially intact, including its present operations, physical facilities, working conditions, and relationships with lessors, licensors, suppliers, customers, and employees.

(f) **Full Access.** The Parent and the Seller will permit, and the Parent and the Seller will cause the Target to permit, representatives of the Buyer to have full access at all reasonable times, and in a manner so as not to interfere with the normal business operations of the Target, to all premises, properties, personnel, books, records (including tax records), contracts, and documents of or pertaining to the Target. The Buyer will treat and hold as such any Confidential Information it receives from the Parent, the Seller, the Target, or any of the Seller's subsidiaries in the course of the reviews contemplated by this Section 5(e), will not use any of the Confidential Information except in connection with this Agreement, and, if this Agreement is terminated for any reason whatsoever, will return to the Parent, the Seller, the Target, and the Seller's subsidiaries all tangible embodiments (and all copies) of the Confidential Information which are in its possession.

(g) **Notice of Developments.** The Parent and the Seller will give prompt written notice to the Buyer of any material adverse development causing a breach of any of the representations and warranties in Section 4 above. Each Party will give prompt written notice to the others of any material adverse development causing a breach of any of its own representations and warranties in Section 3 above. No disclosure by any Party pursuant to this Section 5(g), however, shall be deemed to amend or supplement [Annex I](#), [Annex II](#), or the Disclosure Schedule or to prevent or cure any misrepresentation, breach of warranty, or breach of covenant.

6. Post-Closing Covenants. The Parties agree as follows with respect to the period following the Closing.

(a) **General.** In case at any time after the Closing any further action is necessary to carry out the purposes of this Agreement, each of the Parties will take such further action (including the execution and delivery of such further instruments and documents) as any other Party reasonably may request, all at the sole cost and expense of the requesting Party (unless the requesting Party is entitled to indemnification therefor under Section 8 below). The Parent and the Seller acknowledge and agree that from and after the Closing the Buyer will be entitled to possession of all documents, books, records (including tax records), agreements, and financial data of any sort relating to the Target.

(b) Litigation Support. In the event and for so long as any Party actively is contesting or defending against any action, suit, proceeding, hearing, investigation, charge, complaint, claim, or demand in connection with (i) any transaction contemplated under this Agreement or (ii) any fact, situation, circumstance, status, condition, activity, practice, plan, occurrence, event, incident, action, failure to act, or transaction on or prior to the Closing Date involving the Target, each of the other Parties will cooperate with it and its counsel in the contest or defense, make available their personnel, and provide such testimony and access to their books and records as shall be necessary in connection with the contest or defense, all at the sole cost and expense of the contesting or defending Party (unless the contesting or defending Party is entitled to indemnification therefor under Section 8 below).

(c) Transition. The Parent and the Seller will not take any action that is designed or intended to have the effect of discouraging any lessor, licensor, customer, supplier, or other business associate of the Target from maintaining the same business relationships with the Target after the Closing as it maintained with the Target prior to the Closing.

(d) Confidentiality. The Parent and the Seller will treat and hold as such all of the Confidential Information, refrain from using any of the Confidential Information except in connection with this Agreement, and deliver promptly to the Buyer or destroy, at the request and option of the Buyer, all tangible embodiments (and all copies) of the Confidential Information which are in their possession. In the event that the Parent or the Seller is requested or required (by oral question or request for information or documents in any legal proceeding, interrogatory, subpoena, civil investigative demand, or similar process) to disclose any Confidential Information, the Parent or the Seller, as applicable, will notify the Buyer promptly of the request or requirement so that the Buyer may seek an appropriate protective order or waive compliance with the provisions of this Section 6(d). If, in the absence of a protective order or the receipt of a waiver hereunder, the Parent or the Seller is, on the advice of counsel, compelled to disclose any Confidential Information to any tribunal or else stand liable for contempt, the Parent or the Seller may disclose the Confidential Information to the tribunal; provided, however, that the Parent or the Seller, as applicable, shall use its reasonable best efforts to obtain, at the reasonable request of the Buyer, an order or other assurance that confidential treatment will be accorded to such portion of the Confidential Information required to be disclosed as the Buyer shall designate.

(e) Covenant Not to Compete. For a period of three years from and after the Closing Date, the Parent and the Seller will not engage directly or indirectly in any business that the Target conducts as of the Closing Date in any geographic area in which the Target conducts that business as of the Closing Date. If the final judgment of a court of competent jurisdiction declares that any term or provision of this Section 6(e) is invalid or unenforceable, the Parties agree that the court making the determination of invalidity or unenforceability shall have the power to reduce the scope, duration, or area of the term or provision, to delete specific words or phrases, or to replace any invalid or unenforceable term or provision with a term or provision that is valid and enforceable and that comes closest to expressing the intention of the invalid or unenforceable term or provision, and this Agreement shall be enforceable as so modified after the expiration of the time within which the judgment may be appealed.

7. Conditions to Obligation to Close.

(a) Conditions to Obligation of the Buyer. The obligation of the Buyer to consummate the transactions to be performed by it in connection with the Closing is subject to satisfaction of the following conditions:

(i) the representations and warranties set forth in Sections 3(a) and 4 above shall be true and correct in all material respects at and as of the Closing Date;

(ii) the Parent, the Seller and the Target shall have performed and complied with all of their respective covenants hereunder in all material respects through the Closing;

(iii) the shareholders of the Buyer shall have approved the transactions contemplated by this Agreement at a special shareholders meeting arranged in connection with the Company's proxy statement;

(iv) the Target shall have procured all of the material third party consents specified in Section 5(c) above;

(viii) no action, suit, or proceeding shall be threatened or pending before any court or quasi-judicial or administrative agency of any federal, state, local, or foreign jurisdiction or before any arbitrator wherein an unfavorable injunction, judgment, order, decree, ruling, or charge would (A) prevent consummation of any of the transactions contemplated by this Agreement, (B) cause any of the transactions contemplated by this Agreement to be rescinded following consummation, (C) affect adversely the right of the Buyer to own the Target Shares and to control the Target, or (D) affect materially and adversely the right of the Target to own its assets and to operate its businesses (and no such injunction, judgment, order, decree, ruling, or charge shall be in effect);

(ix) the Seller shall have delivered to the Buyer a certificate to the effect that each of the conditions specified above in Section 7(a)(i)-(iv) is satisfied in all respects;

(x) The Parties and the Target shall have received all other material authorizations, consents, and approvals of governments and governmental agencies referred to in Sections 3(a)(ii) and 3(b)(ii) above;

(xi) the Parent and the Buyer shall have entered into a voting agreement in form and substance as set forth in Exhibit A attached hereto and the same shall be in full force and effect;

(xii) the Buyer shall have received from counsel to the Seller an opinion in form and substance as set forth in Exhibit B attached hereto, addressed to the Buyer, and dated as of the Closing Date;

(xiii) the employees of Seller shall have terminated their employment with the Seller and entered into new employment agreements with the Target, copies of which will be delivered to the Buyer at Closing and will be substantially in the form and substance as set forth in Exhibit C hereto;

(xiv) the Parent shall have entered into a registration rights agreement with the Buyer in form and substance as set forth in Exhibit D hereto; and

(xv) all actions to be taken by the Seller in connection with consummation of the transactions contemplated hereby and all certificates, opinions, instruments, and other documents required to effect the transactions contemplated hereby will be reasonably satisfactory in form and substance to the Buyer.

The Buyer may waive any condition specified in this Section 7(a) if it executes a writing so stating at or prior to the Closing.

(b) Conditions to Obligation of the Seller. The obligation of the Parent and the Seller to consummate the transactions to be performed by it in connection with the Closing is subject to satisfaction of the following conditions:

(i) the representations and warranties set forth in Section 3(b) above shall be true and correct in all material respects at and as of the Closing Date;

(ii) the Buyer shall have performed and complied with all of its covenants hereunder in all material respects through the Closing;

(iii) no action, suit, or proceeding shall be pending before any court or quasi-judicial or administrative agency of any federal, state, local, or foreign jurisdiction or before any arbitrator wherein an unfavorable injunction, judgment, order, decree, ruling, or charge would (A) prevent consummation of any of the transactions contemplated by this Agreement or (B) cause any of the transactions contemplated by this Agreement to be rescinded following consummation (and no such injunction, judgment, order, decree, ruling, or charge shall be in effect);

(iv) the Buyer shall have delivered to the Seller a certificate to the effect that each of the conditions specified above in Section 7(b)(i)-(iii) is satisfied in all respects;

(v) the Parties and the Target shall have received all other material authorizations, consents, and approvals of governments and governmental agencies referred to in Sections 3(a)(ii) and 3(b)(ii) above;

(vi) the Parent and the Buyer shall have entered into a voting agreement in form and substance as set forth in Exhibit A and the same shall be in full force and effect;

(vii) the Nominating Committee of the Buyer's Board of Directors shall have appointed the Parent's nominee (who in the first instance shall be Paul D'Sylva) as a director of the Company, subject to shareholder approval at the Buyer's 2007 Annual Meeting of Shareholders;

(viii) the Seller shall have received from counsel to the Buyer an opinion in form and substance as set forth in Exhibit E attached hereto, addressed to the Seller, and dated as of the Closing Date;

(ix) the Buyer shall have entered into a registration rights agreement with the Parent in form and substance as set forth in Exhibit D hereto; and

(x) all actions to be taken by the Buyer in connection with consummation of the transactions contemplated hereby and all certificates, opinions, instruments, and other documents required to effect the transactions contemplated hereby will be reasonably satisfactory in form and substance to the Seller.

The Seller may waive any condition specified in this Section 7(b) if it executes a writing so stating at or prior to the Closing.

8. Remedies for Breaches of this Agreement.

(a) Survival of Representations and Warranties. All of the representations and warranties of the Parent and the Seller contained in Section 4 above shall survive the Closing hereunder (even if the Buyer knew or had reason to know of any misrepresentation or breach of warranty at the time of Closing) and continue in full force and effect for a period of two years thereafter.

(b) Indemnification Provisions for Benefit of the Buyer. In the event the Parent or the Seller breaches any of their representations, warranties, and covenants contained herein and, if there is an applicable survival period pursuant to Section 8(a) above, provided that the Buyer makes a written claim for indemnification against the Parent or the Seller pursuant to Section 10(h) below within such survival period, then the Parent and the Seller, jointly and severally agree to indemnify the Buyer from and against the entirety of any Adverse Consequences the Buyer may suffer through and after the date of the claim for indemnification

(including any Adverse Consequences the Buyer may suffer after the end of any applicable survival period) resulting from, arising out of, relating to, in the nature of, or caused by the breach.

(c) Indemnification Provisions for Benefit of the Seller. In the event the Buyer breaches any of its representations, warranties, and covenants contained herein, and, if there is an applicable survival period pursuant to Section 8(a) above, provided that the Parent or the Seller makes a written claim for indemnification against the Buyer pursuant to Section 10(h) below within such survival period, then the Buyer agrees to indemnify the Parent and the Seller from and against the entirety of any Adverse Consequences the Parent or the Seller may suffer through and after the date of the claim for indemnification (including any Adverse Consequences the Parent or the Seller may suffer after the end of any applicable survival period) resulting from, arising out of, relating to, in the nature of, or caused by the breach.

(d) Matters Involving Third Parties.

(i) If any third party shall notify any Party (the "Indemnified Party") with respect to any matter (a "Third Party Claim") which may give rise to a claim for indemnification against any other Party (the "Indemnifying Party") under this Section 8, then the Indemnified Party shall promptly notify the Indemnifying Party thereof in writing; provided, however, that no delay on the part of the Indemnified Party in notifying the Indemnifying Party shall relieve the Indemnifying Party from any obligation hereunder unless (and then solely to the extent) the Indemnifying Party thereby is prejudiced.

(ii) The Indemnifying Party will have the right to assume the defense of the Third Party Claim with counsel of its choice reasonably satisfactory to the Indemnified Party at any time within 15 days after the Indemnified Party has given notice of the Third Party Claim; provided, however, that the Indemnifying Party must conduct the defense of the Third Party Claim actively and diligently thereafter in order to preserve its rights in this regard; and provided further that the Indemnified Party may retain separate co-counsel at its sole cost and expense and participate in the defense of the Third Party Claim.

(iii) So long as the Indemnifying Party has assumed and is conducting the defense of the Third Party Claim in accordance with Section 8(d)(ii) above, (A) the Indemnifying Party will not consent to the entry of any judgment or enter into any settlement with respect to the Third Party Claim without the prior written consent of the Indemnified Party (not to be withheld unreasonably) unless the judgment or proposed settlement involves only the payment of money damages by the Indemnifying Party and does not impose an injunction or other equitable relief upon the Indemnified Party and (B) the Indemnified Party will not consent to the entry of any judgment or enter into any settlement with respect to the Third Party Claim without the prior written consent of the Indemnifying Party (not to be withheld unreasonably).

(iv) In the event the Indemnifying Party does not assume and conduct the defense of the Third Party Claim in accordance with Section 8(d)(ii) above, however, (A) the Indemnified Party may defend against, and consent to the entry of any judgment or enter into any settlement with respect to, the Third Party Claim in any manner it reasonably may deem appropriate (and the Indemnified Party need not consult with, or obtain any consent from, the Indemnifying Party in connection therewith) and (B) the Indemnifying Party will remain responsible for any Adverse Consequences the Indemnified Party may suffer resulting from, arising out of, relating to, in the nature of, or caused by the Third Party Claim to the fullest extent provided in this Section 8.

(e) Non-Exclusive Remedy. The Buyer and the Seller acknowledge and agree that the foregoing indemnification provisions in this Section 8 are in addition to and not in derogation of any other statutory, equitable, or common law remedies (including any such remedies relating to environmental matters).

9. Tax Matters.

The following provisions shall govern the allocation of responsibility as between the Buyer and the Seller for certain tax matters following the Closing Date:

(a) Tax Periods Ending on or Before the Closing Date. The Buyer shall prepare or cause to be prepared and file or cause to be filed all tax returns for the Target for all periods ending on or prior to the Closing Date which are filed after the Closing Date other than Income tax returns with respect to periods for which a consolidated, unitary or combined income tax return of the Seller will include the operations of the Target. The Buyer shall permit the Seller to review and comment on each such tax return described in the preceding sentence prior to filing and shall make such revisions to such tax returns as are reasonably requested by the Seller. The Seller shall reimburse the Buyer for taxes of the Target with respect to such periods within fifteen (15) days after payment by the Buyer or the Target of such taxes.

(b) Tax Periods Beginning Before and Ending After the Closing Date. The Buyer shall prepare or cause to be prepared and file or cause to be filed any tax returns of the Target for tax periods which begin before the Closing Date and end after the Closing Date. The Seller shall pay to the Buyer within fifteen (15) days after the date on which taxes are paid with respect to such periods an amount equal to the portion of such taxes which relates to the portion of such taxable period ending on the Closing Date. For purposes of this Section, in the case of any taxes that are imposed on a periodic basis and are payable for a taxable period that includes (but does not end on) the Closing Date, the portion of such tax which relates to the portion of such taxable period ending on the Closing Date shall (x) in the case of any taxes other than taxes based upon or related to income or receipts, be deemed to be the amount of such tax for the entire taxable period multiplied by a fraction the numerator of which is the number of days in the taxable period ending on the Closing Date and the denominator of which is the number of days in the entire taxable period, and (y) in the case of any tax based upon or related to income or receipts be deemed equal to the amount which would be payable if the relevant taxable period ended on the Closing Date. Any credits relating to a taxable period that begins before and ends after the Closing Date shall be taken into account as though the relevant taxable period ended on the Closing Date. All determinations necessary to give effect to the foregoing allocations shall be made in a manner consistent with prior practice of the Target.

(c) Cooperation on Tax Matters.

(i) The Buyer, the Parent, the Target and the Seller shall cooperate fully, as and to the extent reasonably requested by the other party, in connection with the filing of Tax returns pursuant to this Section and any audit, litigation or other proceeding with respect to taxes. Such cooperation shall include the retention and (upon the other party's request) the provision of records and information which are reasonably relevant to any such audit, litigation or other proceeding and making employees available on a mutually convenient basis to provide additional information and explanation of any material provided hereunder. The Target and the Seller agree (A) to retain all books and records with respect to tax matters pertinent to the Target relating to any taxable period beginning before the Closing Date until the expiration of the statute of limitations (and, to the extent notified by the Buyer or the Seller, any extensions thereof) of the respective taxable periods, and to abide by all record retention agreements entered into with any taxing authority, and (B) to give the other party reasonable written notice prior to transferring, destroying or discarding any such books and records and, if the other party so requests, the Target or the Seller, as the case may be, shall allow the other party to take possession of such books and records.

(ii) The Buyer and the Seller further agree, upon request, to use their best efforts to obtain any certificate or other document from any governmental authority or any other Person as may be necessary to mitigate, reduce or eliminate any Tax that could be imposed (including, but not limited to, with respect to the transactions contemplated hereby).

(d) Certain Taxes. All transfer, documentary, sales, use, stamp, registration and other such taxes and fees (including GST and any penalties and interest) incurred in connection with this Agreement, shall be paid by the Seller when due, and the Seller will, at its own expense, file all necessary tax returns and other documentation with respect to all such transfer, documentary, sales, use, stamp, registration and other taxes and fees, and, if required by applicable law, the Buyer will, and will cause its Affiliates to, join in the execution of any such tax returns and other documentation.

10. Termination.

(a) Termination of Agreement. Certain of the Parties may terminate this Agreement as provided below:

(i) the Buyer and the Seller may terminate this Agreement by mutual written consent at any time prior to the Closing;

(ii) the Buyer may terminate this Agreement by giving written notice to the Parent and the Seller at any time prior to the Closing (A) in the event the Parent or the Seller has breached any representation, warranty, or covenant contained in this

Agreement; (B) in the event the Buyer, in its sole and absolute discretion, is not satisfied with the results of its continuing business, legal, environmental, and accounting due diligence concerning the Target (including, without limitation, the valuation of the Target and the Target Shares); or (C) if the Closing shall not have occurred on or before March 31, 2007, by reason of the failure of any condition precedent under Section 7(a) hereof (unless the failure results primarily from the Buyer itself breaching any representation, warranty, or covenant contained in this Agreement); and

(iii) the Parent or the Seller may terminate this Agreement by giving written notice to the Buyer at any time prior to the Closing (A) in the event the Buyer has breached any material representation, warranty, or covenant contained in this Agreement in any material respect; (B) in the event the Seller, in its sole and absolute discretion, is not satisfied with the results of its continuing business, legal, environmental, and accounting due diligence concerning the Buyer; or (C) if the Closing shall not have occurred on or before March 31, 2007, by reason of the failure of any condition precedent under Section 7(b) hereof (unless the failure results primarily from the Seller breaching any representation, warranty, or covenant contained in this Agreement).

(b) Effect of Termination. If any Party terminates this Agreement pursuant to Section 10(a) above, all rights and obligations of the Parties hereunder shall terminate without any liability of any Party to any other Party (except for any liability of any Party then in breach); provided, however, that the confidentiality provisions contained above shall survive termination.

11. Miscellaneous

(a) Specific Performance. The parties agree that specific performance of the obligations under this Agreement may be enforced by a suit in equity. The rights and remedies provided by this Stock Purchase Agreement are cumulative and the use of any one right or remedy by any party shall not preclude or waive the right to use any or all other remedies. Said rights and remedies are given in addition to any other rights the parties may have by law, statute, ordinance or otherwise.

(b) Press Releases and Public Announcements. No Party shall issue any press release or make any public announcement relating to the subject matter of this Agreement prior to the Closing without the prior written approval of the Buyer, the Parent and the Seller; provided, however, that any Party may make any public disclosure it believes in good faith is required by applicable law or any listing or trading agreement concerning its publicly-traded securities (in which case the disclosing Party will use its reasonable best efforts to advise the other Parties prior to making the disclosure).

(c) No Third-Party Beneficiaries. This Agreement shall not confer any rights or remedies upon any Person other than the Parties and their respective successors and permitted assigns.

(d) Entire Agreement. This Agreement (including the documents referred to herein) constitutes the entire agreement between the Parties and supersedes any prior understandings, agreements, or representations by or between the Parties, written or oral, to the extent they related in any way to the subject matter hereof.

(e) Succession and Assignment. This Agreement shall be binding upon and inure to the benefit of the Parties named herein and their respective successors and permitted assigns. No Party may assign either this Agreement or any of its rights, interests, or obligations hereunder without the prior written approval of the Buyer, the Parent and the Seller.

(f) Counterparts. This Agreement may be executed in one or more facsimile or original counterparts, each of which shall be deemed an original but all of which together will constitute one and the same instrument.

(g) Headings. The section headings contained in this Agreement are inserted for convenience only and shall not affect in any way the meaning or interpretation of this Agreement.

(h) Notices. All notices, requests, demands, claims, and other communications hereunder will be in writing. 7. This Agreement shall terminate upon the mutual written agreement of CBI, Chemistry and PharmAust.

8. The parties hereto hereby declare that it is impossible to measure in money the damages which will accrue to a party hereto or to their heirs, personal representatives, or assigns by reason of a failure to perform any of the obligations under this Agreement and agree that the terms of this Agreement shall be specifically enforceable. If any party hereto or his heirs, personal representatives, or assigns institutes any action or proceeding to specifically enforce the provisions hereof, any person against whom such action or proceeding is brought hereby waives the claim or defense therein that such party or such personal representative has an adequate remedy at law, and such person shall not offer in any such action or proceeding the claim or defense that such remedy at law exists.

COMMONWEALTH BIOTECHNOLOGIES, INC.
REGISTRATION RIGHTS AGREEMENT

THIS AGREEMENT is made as of _____, 2007, by and between Commonwealth Biotechnologies, Inc., a Virginia corporation (the "Company"), and PharmAust Chemistry Ltd, an Australian limited company (the "Stockholder").

The Company and the Stockholder are parties to a Stock Purchase Agreement, dated as of November 24, 2006 (the "Purchase Agreement"). In connection with the issuance of shares of common stock, without par value per share, pursuant to the Purchase Agreement, the parties hereto desire to enter into this Registration Rights Agreement.

NOW THEREFORE, in consideration of the mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Demand Registrations.

(a) Requests for Registration. At any time after _____, _____ the Stockholder may request registration under the Securities Act of 1933, as amended (the "Securities Act"), of all or any portion of the shares of the Company's common stock, without par value per share, issued to it by the Company pursuant to the Purchase Agreement (the "Registrable Securities") on an applicable Securities and Exchange Commission (the "SEC") form. Such registration requested pursuant to this subsection 1(a) is referred to herein as the "Demand Registration." The request for a Demand Registration shall specify the number of Registrable Securities requested to be registered. The Stockholder shall be entitled to request one Demand Registration in which the Company shall pay all Registration Expenses (as defined below). A registration shall not count as the Demand Registration until it has become effective.

(b) Priority on Demand Registration. The Company shall not include in the Demand Registration any securities which are not Registrable Securities without the prior written consent of the Stockholder. If the Demand Registration is an underwritten offering and the managing underwriters advise the Company in writing that in their opinion the number of Registrable Securities and, if permitted hereunder, other securities requested to be included in such offering, exceeds the number of Registrable Securities and other securities, if any, which can be sold therein without adversely affecting the marketability of the offering, the Company shall include in such registration prior to the inclusion of any securities which are not Registrable Securities the number of Registrable Securities requested to be included which in the opinion of such underwriters can be sold without adversely affecting the marketability of the offering.

(c) Restrictions on Demand Registration. The Company may postpone for up to 90 days the filing or the effectiveness of a registration statement for the Demand Registration if the Company's Board of Directors determines in its reasonable good faith judgment that the Demand Registration would reasonably be expected to have a material adverse effect on any planned merger, acquisition or similar transaction; provided that in such event, the Stockholder shall be entitled to withdraw such request and, if

such request is withdrawn, such Demand Registration shall not count as the permitted Demand Registration hereunder and the Company shall pay all Registration Expenses in connection with such registration. The Company may delay the Demand Registration hereunder only once in any twelve-month period.

(d) Selection of Underwriters. The Stockholder shall have the right to select the investment banker(s) and manager(s) to administer the Demand Registration.

2. Registration Procedures. Whenever the Stockholder shall request that any Registrable Securities be registered pursuant to this Agreement, the Company shall use its best efforts to effect the registration and the sale of such Registrable Securities in accordance with the intended method of disposition thereof, and pursuant thereto the Company shall as expeditiously as possible:

(a) prepare and file with the SEC a registration statement with respect to such Registrable Securities and use all commercially reasonable efforts to cause such registration statement to become effective (provided that before filing a registration statement or prospectus or any amendments or supplements thereto, the Company shall furnish to the counsel selected by the Stockholder copies of all such documents proposed to be filed, which documents shall be subject to the review and comment of such counsel);

(b) notify the Stockholder of the effectiveness of the registration statement filed hereunder and prepare and file with the SEC such amendments and supplements to such registration statement and the prospectus used in connection therewith as may be necessary to keep such registration statement effective for a period of not less than 180 days and comply with the provisions of the Securities Act with respect to the disposition of all securities covered by such registration statement during such period in accordance with the intended methods of disposition by the Stockholder set forth in such registration statement;

(c) furnish to the Stockholder such number of copies of the registration statement, each amendment and supplement thereto, the prospectus included in the registration statement (including each preliminary prospectus) and such other documents as the Stockholder may reasonably request in order to facilitate the disposition of the Registrable Securities owned by the Stockholder;

(d) use its best efforts to register or qualify such Registrable Securities under such other securities or blue sky laws of such jurisdictions as the Stockholder reasonably requests and do any and all other acts and things which may be reasonably necessary or advisable to enable the Stockholder to consummate the disposition in such jurisdictions of the Registrable Securities owned by the Stockholder (provided that the Company shall not be required to (i) qualify generally to do business in any jurisdiction where it would not otherwise be required to qualify but for this subsection, (ii) subject itself to taxation in any such jurisdiction or (iii) consent to general service of process in any such jurisdiction);

(e) notify the Stockholder, at any time when a prospectus relating thereto is required to be delivered under the Securities Act, of the happening of any event as a result of which the prospectus included in such registration statement contains an untrue

statement of a material fact or omits any fact necessary to make the statements therein not misleading, and, at the request of the Stockholder, the Company shall prepare a supplement or amendment to such prospectus so that, as thereafter delivered to the purchasers of such Registrable Securities, such prospectus shall not contain an untrue statement of a material fact or omit to state any fact necessary to make the statements therein not misleading;

(f) cause all such Registrable Securities to be listed on each securities exchange on which similar securities issued by the Company are then listed and, if not so listed, to be listed on the NASD automated quotation system and, if listed on the NASD automated quotation system, use its best efforts to secure designation of all such Registrable Securities covered by such registration statement as a NASDAQ "national market system security" within the meaning of Rule 11Aa2-1 of the SEC or, failing that, to secure NASDAQ authorization for such Registrable Securities and, without limiting the generality of the foregoing, to arrange for at least two market makers to register as such with respect to such Registrable Securities with the NASD;

(g) enter into such customary agreements (including underwriting agreements in customary form) and take all such other actions as the Stockholder or the underwriters, if any, reasonably request in order to expedite or facilitate the disposition of such Registrable Securities;

(h) make available for inspection by the Stockholder, any underwriter participating in any disposition pursuant to the registration statement and any attorney, accountant or other agent retained by the Stockholder or underwriter, all financial and other records, pertinent corporate documents and properties of the Company, and cause the Company's officers, directors, employees and independent accountants to supply all information reasonably requested by the Stockholder, underwriter, attorney, accountant or agent in connection with such registration statement, subject to the agreement of such person to maintain the confidentiality of all confidential information of the Company;

(i) in the event of the issuance of any stop order suspending the effectiveness of a registration statement, or of any order suspending or preventing the use of any related prospectus or suspending the qualification of any common stock included in such registration statement for sale in any jurisdiction, the Company shall use its best efforts promptly to obtain the withdrawal of such order;

(j) obtain a cold comfort letter from the Company's independent public accountants in customary form and covering such matters of the type customarily covered by cold comfort letters as the Stockholder reasonably requests; and

(k) provide such reasonable assistance in the marketing of the Registrable Securities as is customary of issuers in primary underwritten public offerings (including participation by its senior management in "road shows").

3. Registration Expenses.

(a) All expenses incident to the Company's performance of or compliance with this Agreement, including without limitation all registration and filing fees, fees and expenses of compliance with securities or blue sky laws, printing expenses, messenger and delivery expenses, fees and disbursements of custodians, fees and disbursements of counsel for the Company and all independent certified public accountants (including the expenses of any special audits or "cold comfort" letters required by or incident to such performance), compliance, premiums and other costs of policies of insurance purchased by the Company at its option against liabilities arising out of the public offering of such Registrable Shares, underwriters (excluding discounts and commissions) and other persons retained by the Company (all such expenses being herein called "Registration Expenses"), shall be borne by the Company. The Stockholder shall bear any underwriting discounts, spreads and commissions and shall bear any costs, fees and disbursements of accountants and counsel retained by it.

4. Indemnification.

(a) The Company agrees to indemnify, to the extent permitted by law, the Stockholder, its Shareholders, members, managers, officers and directors and each person who controls the Stockholder (within the meaning of the Securities Act) against all losses, claims, damages, liabilities and expenses caused by any untrue or alleged untrue statement of material fact contained in any registration statement, prospectus or preliminary prospectus or any amendment thereof or supplement thereto or any omission or alleged omission of a material fact required to be stated therein or necessary to make the statements therein not misleading, except insofar as the same are caused by or contained in any information furnished in writing to the Company by the Stockholder expressly for use therein or by the Stockholder's failure to deliver a copy of the registration statement or prospectus or any amendments or supplements thereto after the Company has furnished the Stockholder with a sufficient number of copies of the same. In connection with an underwritten offering, the Company shall indemnify such underwriters, their officers and directors and each person who controls such underwriters (within the meaning of the Securities Act) to the same extent as provided above with respect to the indemnification of the Stockholder.

(b) In connection with any registration statement in which the Stockholder is participating, the Stockholder shall furnish to the Company in writing such information and affidavits as the Company reasonably requests for use in connection with any such registration statement or prospectus and, to the extent permitted by law, shall indemnify the Company, its directors and officers and each person who controls the Company (within the meaning of the Securities Act) against any losses, claims, damages, liabilities and expenses resulting from any untrue or alleged untrue statement of material fact contained in the registration statement, prospectus or preliminary prospectus or any amendment thereof or supplement thereto or any omission or alleged omission of a material fact required to be stated therein or necessary to make the statements therein not misleading, but only to the extent that such untrue statement or omission is contained in any information or affidavit so furnished in writing by the Stockholder.

(c) Any person entitled to indemnification hereunder shall (i) give prompt written notice to the indemnifying party of any claim with respect to which it seeks indemnification (provided that the failure to give prompt notice shall not impair any person's right to indemnification hereunder to the extent such failure has not prejudiced the indemnifying party) and (ii) unless in such indemnified party's reasonable judgment a conflict of interest between such indemnified and indemnifying parties may exist with respect to such claim, permit such indemnifying party to assume the defense of such claim with counsel reasonably satisfactory to the indemnified party. If such defense is assumed, the indemnifying party shall not be subject to any liability for any settlement made by the indemnified party without its consent (but such consent shall not be unreasonably withheld, conditioned or delayed). An indemnifying party who is not entitled to, or elects not to, assume the defense of a claim shall not be obligated to pay the fees and expenses of more than one counsel for all parties indemnified by such indemnifying party with respect to such claim, unless in the reasonable judgment of any indemnified party a conflict of interest may exist between such indemnified party and any other of such indemnified parties with respect to such claim.

(d) The indemnification provided for under this Agreement shall remain in full force and effect regardless of any investigation made by or on behalf of the indemnified party or any officer, director or controlling person of such indemnified party and shall survive the transfer of securities. The Company also agrees to make such provisions, as are reasonably requested by any indemnified party, for contribution to such party in the event the Company's indemnification is unavailable for any reason.

6. Miscellaneous.

(a) The Company shall not hereafter enter into any agreement with respect to its securities which is inconsistent with or violates the rights granted to the Stockholder in this Agreement.

(b) This Agreement, those documents expressly referred to herein and other documents of even date herewith embody the complete agreement and understanding among the parties and supersede and preempt any prior understandings, agreements or representations by or among the parties, written or oral, which may have related to the subject matter hereof in any way.

(c) The Company shall not take any action, or permit any change to occur, with respect to its securities which would adversely affect the ability of the Stockholder to include such Registrable Securities in a registration undertaken pursuant to this Agreement or which would adversely affect the marketability of such Registrable Securities in any such registration (including, without limitation, effecting a stock split or a combination of shares).

(d) Any person having rights under any provision of this Agreement shall be entitled to enforce such rights specifically to recover damages caused by reason of any breach of any provision of this Agreement and to exercise all other rights granted by law. The parties hereto agree and acknowledge that money damages may not be an adequate remedy for any breach of the provisions of this Agreement and that any party may in its sole discretion apply to any court of law or equity of competent

jurisdiction (without posting any bond or other security) for specific performance and for other injunctive relief in order to enforce or prevent violation of the provisions of this Agreement.

(e) The provisions of this Agreement may be amended or waived only upon the prior written consent of the Company and the Stockholder.

(f) All covenants and agreements in this Agreement by or on behalf of any of the parties hereto shall bind and inure to the benefit of the respective successors and assigns of the parties hereto whether so expressed or not. Notwithstanding the foregoing, however, this Agreement is not assignable without the prior written consent of both parties hereto.

(g) Whenever possible, each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement is held to be prohibited by or invalid under applicable law, such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of this Agreement.

(h) This Agreement may be executed simultaneously in two or more counterparts, any one of which need not contain the signatures of more than one party, but all such counterparts taken together shall constitute one and the same Agreement.

(i) The descriptive headings of this Agreement are inserted for convenience only and do not constitute a part of this Agreement.

(j) The corporate law of the Commonwealth of Virginia shall govern all issues and questions concerning the relative rights of the Company and its shareholders. All other issues and questions concerning the construction, validity, interpretation and enforcement of this Agreement and the exhibits and schedules hereto shall be governed by, and construed in accordance with, the laws of the Commonwealth of Virginia, without giving effect to any choice of law or conflict of law rules or provisions (whether of the Commonwealth of Virginia or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the Commonwealth of Virginia. In furtherance of the foregoing, the internal law of the Commonwealth of Virginia shall control the interpretation and construction of this Agreement (and all schedules and exhibits hereto), even though under that jurisdiction's choice of law or conflict of law analysis, the substantive law of some other jurisdiction would ordinarily apply.

(k) All notices, demands or other communications to be given or delivered under or by reason of the provisions of this Agreement shall be in writing and shall be deemed to have been given when delivered personally to the recipient, sent to the recipient by reputable overnight courier service (charges prepaid) or mailed to the recipient by certified or registered mail, return receipt requested and postage prepaid. NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 June 2006

1. STATEMENT OF ACCOUNTING POLICIES

(a) Basis of preparation

The financial report is a general purpose financial report that has been prepared in accordance with Accounting Standards, Urgent Issues Group Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the Corporations Act 2001.

The financial report covers Mimotopes Pty Ltd as an individual entity. Mimotopes Pty Ltd is a company limited by shares, incorporated and domiciled in Australia.

The financial report of Mimotopes Pty Ltd complies with all Australian equivalents to International Financial Reporting Standards (AIFRS) in their entirety.

The following is a summary of the material accounting policies adopted by the Company in the preparation of the financial report. The accounting policies have been consistently applied, unless otherwise stated.

First-time Adoption of Australian Equivalents to International Financial Reporting Standards

Mimotopes Pty Ltd has prepared financial statements in accordance with the Australian equivalents to International Financial Reporting Standards (AIFRS) from 1 July 2005.

In accordance with the requirements of AASB 1 First-time Adoption of Australian Equivalents to International Financial Reporting Standards, adjustments to the Company's financial statements resulting from the introduction of IFRS have been applied retrospectively to 2005. These financial statements are the first financial statements of Mimotopes Pty Ltd to be prepared in accordance with AIFRS.

The accounting policies set out below have been consistently applied to all years presented.

Reconciliations of the transition from previous Australian GAAP to AIFRS have been included in Note 20 to this report.

Reporting Basis and Conventions

The financial report has been prepared on the basis of accounting principles applicable to a going concern, which assumes the commercial realisation of the future potential of the Company's assets and the discharge of their liabilities in the normal course of business.

The ability of the Company to continue as a going concern and meet its debts as and when they fall due is dependent on the continuing financial support of PharmAust Limited, the Company's ultimate parent entity.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 June 2006

1. STATEMENT OF ACCOUNTING POLICIES

Reporting Basis and Conventions (Cont)

PharmAust Limited has undertaken to provide to the Company, by letter dated 4 December 2006, financial support for 12 months from that date or until the Company is sold by PharmAust Limited if that occurs within the 12 month period, necessary to enable it to meet its debts resulting from its activities, as and when they fall due and not to call on loans advanced to the Company for repayment until the Company has sufficient funds to repay its secured and unsecured creditors.

Accordingly the Directors believe that the Company will continue as a going concern and have adopted that method of accounting in the preparation of the financial report.

The financial report has also been prepared on an accruals basis and is based on historical costs modified by the revaluation of selected non-current assets, financial assets and financial liabilities for which the fair value basis of accounting has been applied.

(b) Income Tax

The charge for current income tax expenses is based on the profit for the year adjusted for any non-assessable or disallowed items. It is calculated using tax rates that have been enacted or are substantively enacted by the balance sheet date.

Deferred tax is accounted for using the balance sheet liability method in respect of temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. No deferred income tax will be recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on accounting or taxable profit or loss.

Deferred tax is calculated at the tax rates that are expected to apply to the period when the asset is realised or liability is settled. Deferred tax is credited in the income statement except where it relates to items that may be credited directly to equity, in which case the deferred tax is adjusted directly against equity.

Deferred income tax assets are recognised to the extent that it is probable that future tax profits will be available against which deductible temporary differences can be utilised.

The amount of benefits brought to account or which may be realised in the future is based on the assumption that no adverse change will occur in income taxation legislation and the anticipation that the Company will derive sufficient future assessable income to enable the benefit to be realised and comply with the conditions of deductibility imposed by the law.

MIMOTOPES PTY LTD

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 June 2006

1. STATEMENT OF ACCOUNTING POLICIES (Cont.)

(c) Property, Plant and Equipment

Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment losses.

The carrying amount of property, plant and equipment is reviewed annually by Directors to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the assets employment and subsequent disposal. The expected net cash flows have been discounted to their present values in determining recoverable amounts.

The Company recognises in the carrying amount of an item of property, plant and equipment the cost of replacing part of such an item when that cost is incurred if it is probable that the future economic benefits embodied within the item will flow to the Company and the cost of the item can be measured reliably. All other costs are recognised in the income statement as an expense as incurred.

Increases in the carrying amount of property, plant and equipment are credited to a revaluation reserve. Decreases that offset previous increases of the same asset are charged against fair value reserves directly in equity; all other decreases are charged to the income statement. Each year the difference between the depreciation based on the revalued carrying amount of the asset charged to the income statement and depreciation based on the asset's original cost is transferred to the revaluation reserve from retained earnings.

Depreciation

The depreciable amount of property, plant and equipment, is depreciated on a straight line basis over their useful lives to the Company commencing from the time the asset is held ready for use.

The depreciation rates used for each class of depreciable assets are:

<i>Class of Fixed Asset</i>	<i>Depreciation Rate</i>
Leasehold improvements	2.5%
Plant and equipment	20-33%

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are included in the income statement. When revalued assets are sold, amounts in the revaluation reserve relating to that asset is transferred to retained earnings.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 June 2006

1. STATEMENT OF ACCOUNTING POLICIES (Cont.)

(d) Impairment of Assets

At each reporting date, the Company reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the income statement.

Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

(e) Employee Benefits

Provision is made for the Company's liability for employee benefits arising from services rendered by employees to balance date. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled, plus related on-costs. Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits.

(f) Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not the legal ownership are classified as finance leases.

Finance leases are capitalised by recording an asset and a liability at the lower of the amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leased assets are depreciated on a straight-line basis over the shorter of their estimated useful lives or the lease term.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

MIMOTOPES PTY LTD

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 June 2006

1. STATEMENT OF ACCOUNTING POLICIES (Cont.)

(g) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts.

(h) Revenue

Revenue from the sale of goods is recognised upon delivery of goods to the customer.

Interest revenue is recognised on a proportional basis taking into account the interest rates applicable to the financial assets.

All revenue is stated net of the amount of goods and services tax (GST).

(i) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the balance sheet are shown inclusive of GST.

Cash flows are presented in the cash flow statement on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

Critical accounting estimates and judgments

The Directors evaluate estimates and judgments incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Company.

The current tax liability of each group entity is then subsequently assumed by the parent entity. The tax consolidated group has entered a tax sharing agreement whereby each company in the group contributes to the income tax payable in proportion to their contribution to the net profit before tax of the tax consolidated group.

20. RECONCILIATION WITH US GAAP (Cont.)

(b) Reconciliation of Balance Sheet under AIFRS and US GAAP (Cont.)

Explanation of reconciliation adjustments

(i) *Property, plant and equipment*

The Company previously revalued certain of its buildings and plant and equipment. Any revaluation increments and decrements are included in the Company's reserves that form part of total equity. Revalued buildings and plant and equipment are depreciated over their estimated useful lives to the Company (land is not depreciated). Under US GAAP, revaluations of buildings and plant and equipment are not permitted. Accordingly, the revaluation increment on buildings and plant and equipment and the depreciation charges on revalued buildings and plant and equipment are adjusted back to their historical cost for US GAAP purposes.

21. FIRST TIME ADOPTION OF AUSTRALIAN EQUIVALENTS TO INTERNATIONAL FINANCIAL REPORTING STANDARDS

For periods up to and including the year ended 30 June 2005, the Company prepared its financial statements in accordance with Australian generally accepted accounting practice (AGAAP). These financial statements for the year ended 30 June 2006 are the first the Company is required to prepare in accordance with Australian equivalents to International Financial Reporting Standards (AIFRS).

Accordingly, the Company has prepared financial statements that comply with AIFRS applicable for periods beginning on or after 1 January 2005. In preparing these financial statements, the Company has started from an opening balance sheet as at 1 July 2004, the Company's date of transition to AIFRS, and made those changes in accounting policies and other restatements required by AASB 1 First-time adoption of AIFRS.

This note explains the principal adjustments made by the Company in restating its AGAAP balance sheet as at 1 July 2004 and its previously published AGAAP financial statements for the year ended 30 June 2005.

Effect of AIFRS on the balance sheet as at 1 July 2004 and 30 June 2005

No impact. There are no material differences between the balance sheet presented under AIFRS and the balance sheet presented under previous AGAAP as at 1 July 2004 and 30 June 2005.

Effect of AIFRS on the income statement for the financial year ended 30 June 2005

No impact. There are no material differences between the income statement presented under AIFRS and the income statement presented under previous AGAAP for the financial year ended 30 June 2005.

PRO FORMA FINANCIAL INFORMATION

The following tables present financial data after giving effect to the completion of Commonwealth Biotechnologies, Inc.'s ("CBI") proposed acquisition of Mimotopes Pty Ltd ("Mimotopes") from the parent company PharmAust Chemistry Ltd.

The pro forma financial data gives effect to the proposed acquisition under the purchase accounting method in accordance with accounting principles generally accepted in the United States (in United States dollars). The unaudited pro forma combined condensed consolidated financial statements combine the historical condensed consolidated financial statements of CBI and Mimotopes giving effect to the acquisition as if it had been effective on December 31, 2005 and September 30, 2006, with respect to the unaudited pro forma combined condensed consolidated balance sheet and statement of operations.

The information for the year ended December 31, 2005 is derived from the audited consolidated financial statements of CBI and the unaudited financial statements of Mimotopes. The information as of and for the nine months ended September 30, 2006 is derived from the unaudited, condensed financial statements of CBI and Mimotopes.

CBI does not expect to incur any reorganization or restructuring expenses as a result of the pending acquisition. However, CBI intends to employ Dr. Paul D'Sylva, who is currently serving as the Managing Director of Mimotopes, as Chief Executive Officer of the combined entity on a post-closing basis. The effect of the estimated acquisition costs of Mimotopes expected to be incurred in connection with the proposed acquisition has been reflected in the unaudited pro forma combined condensed consolidated balance sheets. CBI also anticipates that the acquisition will provide the combined company with certain future financial benefits that include reduced operation expenses and opportunities to earn more revenue. However, CBI does not reflect any of those anticipated cost savings or benefits in the pro forma financial information. Therefore, the pro forma financial information, while helpful in illustrating the financial characteristics of the combined company under one set of assumptions, does not attempt to predict or suggest future results. The pro forma financial information also does not attempt to show how the combined company would actually have performed had the companies been combined throughout the periods presented, except for the effect of the employment of Dr. Paul D'Sylva mentioned above. CBI has included in the pro forma financial statements all the adjustments, consisting of only normal recurring adjustments, necessary for a fair statement of results of the historical periods.

Given the information regarding the proposed acquisition, the actual consolidated financial position and results of operations will differ, perhaps significantly, from the pro forma amounts reflected in this document because, among other reasons:

- Assumptions used in preparing the pro forma financial data may be revised in the future due to changes in values of assets and changes in operating results between the dates of the unaudited pro forma financial data and the date on which the acquisition takes place; and
- Adjustments may need to be made to the unaudited historical financial data upon which such pro forma data are based.

NOTE 1: PURCHASE PRICE

Assuming CBI issues 2,150,000 common shares in the transaction at an estimated price of \$2.50 per share, the estimated total consideration to be paid for the Mimotopes acquisition would be \$5.375 million plus anticipated acquisition costs of \$350,000, totaling \$5,725,000.

NOTE 2: ALLOCATION OF PURCHASE PRICE

The purchase price of Mimotopes has been allocated as follows (in thousands):

Fixed Assets	\$2,189,474
Other Assets	681,297
Total Liabilities	(824,041)
Goodwill	3,678,270
Total purchase price	<u>\$5,725,000</u>

NOTE 3: KEY TO PRO FORMA ADJUSTMENTS

Summarized below are the pro forma adjustments necessary to reflect the acquisition of Mimotopes based on the purchase method of accounting:

- A. Goodwill resulting from the purchase method of accounting (see Note 2).
- B. Issuance of common stock of 2,150,000 shares estimated at \$2.50 per share plus anticipated acquisition costs of \$350,000.
- C. Write up of fixed assets to fair market value.
- D. Elimination of inter company loan between PharmAust and Mimotopes.
- E. Additional expenditures associated with Dr. Paul D'Sylva as the new CEO of Commonwealth Biotechnologies.
- F. Elimination of Mimotopes stockholders' equity.
- G. Valuation of trademarks, patents and other intangibles not yet performed.
